A

DICTIONARY

OF THE

ENGLISH and ITALIAN

LANGUAGES.

By *JOSEPH BARETTI.*

TO WHICH IS PREFIXED,

An ITALIAN and ENGLISH GRAMMAR.

A NEW EDITION.

CORRECTED AND IMPROVED,

By PETER RICCI ROTA, Master of Languages.

VOLUME I.

RX 61

LONDON:

THE

PREFACE.

I Do not think it very needful minutely to inform the ſtudious of the ſeveral advantages that this work may juſtly boaſt above all former compilations of Italian and Engliſh words.

However, that I may not incur the blame of too much careleſſneſs about a long and toilſome performance, it will not be improper to appriſe the few who give themſelves the trouble of inquiring into the labours of lexicographers, of what I have done towards facilitating the way to the acquiſition of the two beſt living languages.

The dictionary of Altieri was hitherto the largeſt and leaſt contemptible work of this kind. The man certainly went a good way farther than his predeceſſors Florio and Torriano; yet many of his definitions awakened often my riſibility. Thoſe *aquatick birds*, called HALCYONS by the poets, he converted into ſo many *fiſhes*. The CAMEL was in his opinion the *largeſt of quadrupeds*, and the SNAIL he ranked amongſt the *inſects*. The COCHINEAL he called *a berry*, and the INDIGO *a ſtone*. The ONYX and the CALCIDONIUS with him were not *gems*, but *kinds of alabaſter*, and the LEAVES were *excrements of trees*. He thought that ORB meant *a hollow ſphere*, and made *the ninth heaven perform its courſe in four and twenty hours from eaſt to weſt*.

Theſe and many other tokens of the ignorance of an author whoſe labours were the ground-work of mine, I would have paſſed over in ſilence, as he does not appear to have aimed at any reputation but that of an indefatigable compiler, had he not often provoked my indignation by his love of obſcene words and phraſes, of which he collected a large number,

number, as well as of ſcurrilous ſayings and ſenſeleſs proverbs in depreciation of the female ſex.

But if in many places his ridiculous diligence gave me much cauſe for blots, in many more he left me room for additions; ſo that I can honeſtly aſſure the reader that my Dictionary contains above ten thouſand words or ſignifications of words not to be found in his, in ſpite of his pompous and falſe declaration, that the Italian part of his performance contained *many hundred more words than the Vocabulary of the Academicians Della Cruſca.*

Theſe conſiderations, and my having retranſlated a large number of his phraſes, rectified endleſs accents that he had miſplaced in the Italian, accented all the Engliſh, and expunged numberleſs ſuperfluities, made me reſolve to prefix my name inſtead of his to this edition; and ſhould any body think me wrong in ſo doing, as the whole of this work cannot be properly called mine, let him do as much for the advantage of the ſtudious to Baretti's Dictionary, as Baretti has done to Altieri's, and he ſhall have my full leave to efface my name from its frontiſpiece, and place his own in the ſtead.

To the Dictionary I have prefixed two Grammars, one for an Engliſhman who learns Italian, the other for an Italian who learns Engliſh. They are both very ſhort, but I hope they both contain enough to conduct any learner of tolerable capacity through the dark labyrinth of a new tongue.

Only three grammars of theſe two languages were hitherto generally uſed; one by Meſſieurs of Port Royal, tranſlated from the French, a ſecond by Altieri, and a third by Veneroni. Which is the worſt of the three, is not eaſily to be determined. The Meſſieurs were unacquainted with the tongue they pretended to teach, to an aſtoniſhing degree. The Italian author from whom they have drawn the greateſt part of their examples, was John Baptiſt Marino, a poet as proverbially

branded

branded in Italy for the uncorrectneſs of his language as for the fuſtian of his thoughts.

Altieri was no leſs in the dark as to the beauties of his native language. He had not the leaſt ſparkle of poetical fire in his ſoul; and unpoetical people ought never to aſſume the right of teaching. Beſides, he wrote for bread, and thought apparently of nothing but of multiplying rules, which for the greateſt part are either faulty or unintelligible, that he might ſwell a book into a convenient ſum of money.

Veneroni's method is indeed a little better than the other two; but his precepts are no leſs trifling and no leſs falſe for the greateſt part, and he was ſtill below Meſſieurs and Altieri in point of ignorance of the claſſical Italians.

The Learners therefore may be aſſured, that the two Grammars I here offer them are not raked together from thoſe three works, as that of one Palermo, lately publiſhed. Mine, ſuch as they are, are entirely new. That of Mr. Samuel Johnſon, prefixed to his Engliſh Dictionary, and that of Buonmattei, were my guides. The performances of theſe two accurate philoſophers I have generally followed, and often tranſlated; and as to the Italian Proſody, my ſhort attempt may perhaps be called the firſt of that kind; for although the Italian Nation be reputed eminently poetical, yet, whatever be the reaſon of ſuch ſtrange neglect, no proſody of their language has hitherto appeared amongſt them ſince Criticiſm fixed her ſeat in Italy.

PREFAZIONE.

IN quelle poche righe che vanno in fronte al primo tomo ho già accennate le ragioni per le quali queſto mio Dizionario ſi debbe avere per molto migliore che non alcuno di quelli che l' hanno precorſo; nè ſarebbe coſa bella ripetere quì in Italiano quello che già s' è detto in Ingleſe. Nulladimeno per non privare queſto tomo del ſolito ornamento d' una Prefazione farò quì quattro parole della lingua di queſt' Iſola a fine d' incoraggiare i miei Paeſani a ſtudiarla a forza, e a farſene bravamente padroni.

Anch' io inſieme con molti de' noſtri Letterati Italiani m' immaginava un tempo, che l' affaticarſi ad apprendere lingue viventi foſſe un' opera quaſimente perduta, nè mi opponeva troppo volentieri a certe buone perſone, le quali con più che magiſtrevole contegno uſavano ſpeſſo ripetermi, che le due lingue morte inſieme con la viva noſtra baſtavano ad informare gli uomini di tutto quello che agli uomini occorre ſapere. Avanzando poſcia alquanto con gli anni, parevami che l' arricchirſi ancora della Franceſe foſſe il non plus ultra d' ogni Galantuomo; e dopo d'aver letti Montagne, Paſcale, Malebranche, Cornelio, Moliere, la Fontaine, e alcuni altri conoſciutiſſimi Scrittori di quella Nazione, m' era fitto in capo che nulla più ſi poteſſe trovare in una moderna Favella veramente meritevole dell' onorate vegghie d'una perſona ſtudioſa.

Ma molto piacevolmente m' avveddi eſſermi ingannato a partito, allora che mi trovai mediocremente maſtro del Britannico Parlare. Oh quante belle e grandi coſe, Paeſani miei, ho lette in queſti libri che non ſi leggono in quelli d' altre genti! Paſſerò in ſilenzio un Hooker, uno Scot, un Clarke, un Bentley, uno Stillingfleet, un Tillotſon, e centinaja d' altri loro teologi e ſacri oratori che valoroſamente battagliando contra i numeroſi Scredenti del loro e d' altri paeſi, hanno in mille modi e poco meno che con geometrica evidenza provata la verità della religione rivelata, così che hanno coſtretti gli Atei e i Deiſti a rifuggirſi negli ſterili deſerti dell' ignoranza, o a naſconderſi nelle caliginoſe cave della mentecattaggine. Non dirò verbo de' loro filoſofi e cercatori diligentiſſimi della natura, come a dire un Bacone, un Boyle, un Newton, e tant' altri ſcrutinatori dell' uomo e dell' altr' opere della mano onnipotente. Laſcerò indietro i loro tanti moraliſti, i lor politici, gl' iſtorici e cronologiſti loro, i meccanici numeroſiſſimi, e farò ſolamente alcune poche parole de' loro poeti, perchè *queſto è l' umore dove io pecco*, per ſervirmi d' un modo di dire del noſtro Berni. Quanta carta però non mi converrebbe ſcarabocchiare per darvi ſolo una malabozzata idea d' uno Shakeſpeare, d' uno Spenſer, d'un Milton, d' un Dryden, e di molt' altri divini

ſpiriti, che accozzando chi più chi meno alla ſchiettezza della poeſia Greca la venu[illegible] de' Latini, la vaghezza degl' Italiani, e la nitidezza de' Franceſi con l[illegible] gine della Saſſonia e delle Gallie, hanno prodotta una maniera di [illegible] delle quale noi ſucceſſori del Lazio, e imitatori di quegli antichi dell' Aca[illegible] era quanto dovremmo fare, contentandoci troppo manſuetamente che [illegible] on iſcrupoloſa induſtria modellati i penſieri loro e il loro modo di po[illegible] eci e Latini. Pur troppo è vero. Noi non ſappiamo quaſi che qu[illegible] ni hanno fatto un così maraviglioſo impaſto d' immagini orientali e [illegible] no creata queſta rara poeſia, alla quale i Verſeggiatori della Senna e [illegible] eb- bono molto altiſſimo luogo nel concetto loro ſe da buon ſenno l' a[illegible] oſs' io tradurre ſoltanto un pajo di Scene di Shakeſpeare, o uno ſqua[illegible] are una eſatta copia della elevatezza, della baldanza, e della impetuo[illegible] gi- nali? Ma, o ſia ch' io non abbia baſtevole perizia della lingua noſtra, o ſia che la lingua noſtra abbia nervi e muſcoli abbaſtanza, io non mi ci ſo arriſchiare. Vedo bene i frutti ſull' albero, e vedo che ſono poma d' oro da far gola a chiunque; ma il terribile Genio di Tramontana che li guarda non mi laſcia ſtendere la voglioſa mano a ricoglierne pure un panierino.

Voi dunque che ve la godete per quelle benedette ſpiagge dell' Italia, ſtudiate un poco il linguaggio degl' Ingleſi, e ſiate certi ſenza ch' io vi dica di più, che da' libri loro apprenderete coſe, le quali non vi poſſono eſſere inſegnate da' libri Greci o da libri Latini, e molto meno da' libri Franceſi.

AVVERTIMENTO AI LETTORI.

L' EDITORE di quaſta nova edizione avendo aggiunto molte parole utili ch'erano ſtate ommeſſe, dato la ſpiegazione ad un gran numero di vocaboli che ne mancavano, e corretto molti errori, ſbagli ed ommiſſioni, sì d'accenti che d'altre coſe le quali ſi trovavano diffettive nelle precedenti edizioni in ambi i volumi; ſpera che ſenza vana preſunzione potrà offerire il preſente Dizionario pel più corretto ed il migliore ch' eſiſti, delle due prime lingue viventi Europee.

GRAMMATICA

DELLA

LINGUA INGLESE.

CHIAMASI GRAMMATICA l' *Arte di far uſo delle parole acconciamente*, o la *Scienza* di *parlare corettamente*. Queſta inſegna qual parentela s' abbiano fra di loro le innumerabili voci d'una lingua; e ſecondo la commune diviſione, conſiſte di quattro parti, ORTOGRAFI'A, ETIMOLOGI'A, SINTA'SSI, e PROSODI'A.

Dell' ORTOGRAFIA.

Chiamaſi ORTOGRAFIA *l' Arte di formare ſillabe con accozzamento di lettere, e vocaboli con accozzamento di ſillabe*; perciò primamente inſegna la forma e il ſuono delle lettere.

Le lettere della lingua Ingleſe ſono ventiſei, e la loro forma nell' uſo comune della vita non è differente dalla forma delle noſtre. Le loro leggi però e gli atti pubblici ſono ſcritti con caratteri da eſſi chiamati *antico Ingleſe* o *lettere nere*, e da noi *Semigòtici:* e perchè tali caratteri ſono poco conoſciuti dagl' Italiani, io regiſtrerò quì i due alfabeti col ſuono che gl' Ingleſi danno a ciaſcuna lettera. Avvertaſi però che queſti ſuoni non ſono eſpreſſi che a un dipreſſo, e non con muſicale eſattezza, perchè la coſa non è fattibile con iſcrittura; e que' miei paeſani che avranno deſiderio di ſtudiare queſta lingua, credano a me che non v' è modo d' imparare a pronunziarla bene, ſe non ſi ricorre alla viva voce degl' Ingleſi medeſimi, come reciprocamente non c' è modo per gl' Ingleſi d' imparare la vera Toſcana pronunzia della noſtra Favella ſe non l' apprendono da' noſtri eleganti parlatori Italiani.

Alfabeti uſati nelle ſtampe Ingleſi.

Le

Le vocali Ingleſi non ſono propiamente che cinque, *a, e, i, o, u,* mà in vece della *i* l' uſo vuole che ſi ſcriva *y* in fine di molte parole, come in *ſky, holy,* e dinanzi alla *i,* come in *dying, beautifying,* e in *ſays, days, eyes,* e in vocaboli derivati dal Greco, come *ſyſtem, ſympathy,* e altri moltiſſimi.

In vece della *u* gl' Ingleſi uſano ſpeſſo la *w* dietro ad una vocale per fare un dittongo, come *raw, grew, view, vow, flowing, lowneſs.*

Quantunque nel leggere l' Alfabeto gl' Ingleſi dieno a ciaſcuna lettera quel ſuono da me quaſi eſpreſſo nel margine d' eſſo, pure nel diſcorſo quaſi ogni lettera ha altri ſuoni, come di mano in mano verrò notando.

Delle VOCALI.

A.

L' *A* ha tre ſuoni chiamati dagl' Ingleſi, A *tenue,* o *chiuſo,* A *aperto,* e A *largo.*

L' A *tenue* o *chiuſo,* che in Italiano ſuona come *e,* è conſiderato come il vero A Ingleſe, forſe perchè occorre molto più frequentemente ne' vocaboli loro che non gli altri due. I Franceſi lo pronunziano eſattamente come gl' Ingleſi nella parola *païs.*

Oſſerviſi però che in principio di parola di rado l' *a* è *tenue* o *chiuſo.*

L' A che gl' Ingleſi chiamano *aperto* s' aſſomiglia al noſtro, come nelle voci *father, rather, congratulate, fancy, glaſs,* e nella maggior parte de' vocaboli che cominciano in a, come *abandon, about, actor, acroſs, adapt, adjourn.*

L' A *largo,* che da alcuni è anche chiamato *Germanico* o *Teutonico,* e che noi potremmo anche chiamare *ſtraſcinato,* eſce di rado o forſe non mai della bocca d' un Toſcano, ma da' Napoletani l' ho ſentito più volte, e ſovente ancora da' Romani. Queſto *a* non ſi trova mai in voci derivate dal Greco o dal Latino, ma ſolamente in quelle che ebbero il loro naſcimento nell ſententrione, come *all, wall, call, ſmall,* che forſe dagli antichi Ingleſi ſi ſcrivevano o almeno ſi pronunziavano *aull, waull, caull, tull.*

A forma dittongo ſolamente colle lettere *i, y, u,* e *w. Ai* in *plain, vain,* o *ay* in *gay, clay,* ſuonà come l' A *tenue* o *chiuſa. Au* in *author, naughty,* o *aw* in *raw, awful,* ha ſuono *largo* o *Germanico* o *Teutonico,* come dicono gl' Ingleſi, o *ſtraſcinato* o *Napoletano,* o *Romano* come direi io.

Alcuni Ingleſi ſcrivono *ae* in certe poche parole derivate dal Greco [illegible], e poi le pronunziano come gl' It[illegible]me *Caeſar, Aeneas:* i loro più giu[illegible] ſcrittori però non addottano tale orto[illegible] contraria alle natura della loro [illegible] e pronunziano *Ceſar, Enea*

E.

Queſta lettera e più freq[illegible] cun' altra nella lingua Ingl[illegible] tre principali [illegible] *breve,* e uno *muto,* ſe [illegible] chiamare quello a cui ſ[illegible]

Il ſuono *lu* [illegible] voce *ſcéne,* che ſi pronun[illegible] offero due de' noſtri *i* lique[illegible]

Il ſuono breve ha molta ſimilitudine col noſtro *e,* come nelle voci *cellar, ſeparate, celebrate, men, then.*

E, dinanzi a conſonante raddoppiata o a due conſonanti, è ſempre breve, cioè, ha ſempre il ſuono Italiano, come in *medlar, ſerpent, ceſſation, bleſſing, fell, felling, debt.*

E, ha ſempre ſuono muto, cioè non ha quaſi ſuono alcuno quando termina un vocabolo, e ſerve per lo più a raddolcire o moderare la conſonante che precede, come nelle voci *ſince, once, hedge, oblige,* o ad allungare la precedente vocale, come *bāne, cāne, pīne, tūne, rōbe, pōpe, fīre, cūre, tūbe,* che ſe ſi togliesſe da tali vocaboli queſt' *e muta,* ſi pronunzierebbono *brevi* e con un ſuono *ſtringato* e *ſecco,* cioè *băn, căn, pĭn, tŭn, rŭb, pŏp, fĭr, cŭr, tŭb.*

Quaſi tutt' i vocaboli che oggi terminano con una conſonante, terminavano anticamente in *e,* come veggiamo nelle ſcritture antiche e negli antichi libri Ingleſi; *year, wildneſs,* eſempligrazia, ſcrivevanſi *yeare, wildneſſe.* Quella *e* aveva probabilmente la forza dell' *e femminino Franceſe,* e coſtituiva forſe una imperfetta ſillaba; ma oggi è in tutto tralaſciata tanto nello ſcrivere, quanto nel pronunziare.

Ho detto che la lettera *E,* quando è *muta finale,* ſerve *per lo più* a raddolcire, moderare, o allungare la precedente vocale. La regola non è però ſenza eccettuazione, perchè nelle voci *glove, live, give,* e alcune altre, le vocali che precedono la *e muta finale,* non ſono nè raddolcite, nè moderate, nè allungate, ma ſi pronunziano *ſecche* e *brevi,* e con ſuono Italiano, cioè come noi pronunzieremmo *glov, liv, giv.*

La

La *e* há ancora un altro ſuono oſcuro e quaſi impercettibile nel fine di alcuni vocaboli, come in *open, ſhapen, ſhotten, thiſtle, pickle, participle, metre, lucre, theatre, ſepulchre*; e di queſto ſuono non ſe ne puo dare idea ad un Italiano, ſe non a viva voce.

E, forma dittongo con *a*, come nelle voci *near, mead, clear, mean, dear*, e tal dittongo ſuona come due *i* Italiani liquefatti inſieme; o nelle voci *pleaſure, meaſure, meadow*; e allora ſuona come *e* Italiano. Tuttavia ne' miei lunghi ſtudi ſulla lingua e pronunzia Ingleſe ho trovate molte voci che s' allontanano più o meno da queſta regola. *Creature* verbigrazia ſi pronunzia come ſe foſſe ſcritto da noi *crîtur*, e tutti i derivativi di queſto ſoſtantivo hanno la prima ſillabe *cre* diviſa dall' altre, come in Italiano, *cre-ate, cre-ated, creating, cre-ation, creator*. Perciò neſſuno prenda queſta indicata regola per infallibile, come neppure alcuna di quelle che hó già date quì di ſopra, o che darò quì dietro, che regole di pronunzia Ingleſe aſſolutamente invariabili nell' opinione mia non ve n' ha neppur una; e la ſola e vera regola di pronunziare l' Ingleſe bene, è di venire in Londra con un buon pajo d' orecchi, e con una lingua dotata di muſcoli agili ed ubbidienti.

E, forma dittongo con *i*, come in *feize, perceiving*, e anche tal dittongo ſuona come due *i* Italiani liquefatti in un ſolo.

E, forma dittongo con *u*, come nel principio delle voci *euchariſt, eugh, eunuch, Europe*, e tal dittongo pronunziaſi quaſi come un Italiano, o per meglio dire come un Franzeſe pronunzierebbe *yu*.

E, forma dittongo con *w*, il quale ſi pronunzia talora come un Franzeſe pronunzierebbe *yu*, e talora come pronunzierebbe il ſuo *u* vocale. I Piemonteſi, i Genoveſi, i Lombardi, ed i Furlani hanno queſto ſuono, e pronunciano la loro vocale *u* come i dittonghi Ingleſi *eu* e *ew*; ma i Toſcani e gli altri abitanti delle parti orientali e meridionali d' Italia non conoſcono tal ſuono.

A, e, u, formano un trittongo nella parola *beauty*, e ne' ſuoi derivativi, che ha ſuono di *ju* pronunziato alla Franceſe, alla Piemonteſe, alla Lombarda, allà Genoveſe, o alla Furlana.

E duplicata, forma un altro dittongo che ha ſuono d' *i* ſtraſcinata, o come diſſi di due *i* liquefatti inſieme, come in *agree, ſleep, ſheep*.

Eo non credo s' incontri mai come dittongo che nelle voce *yeoman*, e ſuoi derivati, e ſi pronunzia come *e* Italiana breve; o nella voce *people*, e ſi pronunzia come *i* Italiana un poco ſtraſcinata.

I

I, ſuona come *ai* nelle noſtre voci *ſai, rai*, e così vien pronunciato nell' alfabeto quondo *i* fa ſillaba da ſe ſteſſo, come nello voce *iron*, o quando ſi trova in mezzo di monoſillabi terminati dalla *e muta*, come in *mine, fine, hide*.

Quando *i* termina una ſillaba d' una parola derivata dal Latino, conſerva il ſuono che era probabilmente il ſuo originale, come in *aliment, continual*.

Quando *i* ſi trova in mezzo a ſillaba non terminata da *e muta*, conſerva pure un ſuono breve e ſimile a quello della *i* Italiana, come in *fin, thin, pin, brim*.

Quando *i* precede due conſonanti in una ſillaba ſola, per lo più conſerva anche allora un ſuono come l' Italiano, come *hint, ſtint, mint, wind, carving, ſtarving*. Pure a queſta regola vi ſono di molte eccettuazioni, perchè in *mind, blind, ſign*, e in molt' altre voci l' *i* ſi pronuncia come l' Italiano *ai* nelle voci noſtre *ſai, rai*, come hò detto di ſopra; onde torno a replicare, che l' Italiano che vuol imparare a pronunziare l' Ingleſe venga a Londra con quegli orecchi e con que' muſcoli della lingua ch' io diſſi già.

Lives terza perſona ſingolare del preſente del verbo *to live*, e *lives* plurale del nome *life* ſi pronunciano affatto differentemente, poichè il primo è *livs*, e l' altro è *laivs* ſe ſteſſero ſcritti e ſe veniſſero pronunciati ſecondo la forza e il ſuono che noi diamo alle lettere del noſtro alfabeto.

Quando la *i* precede la *r*, come in *flirt, firſt, ſhirt*, ha un certo mal ſuono poco ſenſibile, e diverſo affatto da quello del noſtro *i*. Di tal ſuono io non poſſo dar idea con parole; dirò ſolo che è vocale non ſuſcettibile punto di muſica, e che ſe la voce d'un cantante vi ſi fermaſſe un momento ſopra farebbe ridere ogni Italiano e fors' anche gl' Ingleſi medeſimi.

I, non forma dittongo in Ingleſe che colla vocale *e*, come in *field, ſhields*, e tal dittongo ha ſuono d' una *i* Italiana ſtraſcinata, e nella voce *friend* ſuona come ſe foſſe ſcritto *frend*.

I, ſi uniſce col dittongo *eu*, come in *lieu*, e col dittongo *ew*, come in *view*; ma i ſuoni

di tali due trittonghi così formati procurerò di farli ſentire agl' Italiani che verranno da me cogli orecchi, poichè colla ſcrittura non c' è verſo. Dirò ſolo che tali ſuoni hanno qualche parentela colla *u* Franceſe, o Piemonteſe, o Lombarda, o Genoveſe, o Furlana.

O.

O, ha due ſuoni principali, uno *lungo* e l' altro *breve*. Il lungo, come in *bōne, ōbedient, corrōding*; il breve in *blŏck, knŏck, ŏblique, lŏll*. Regola generale è, che quando l' *o* fa ſillaba da ſe, o la termina, o che ſi trova in monoſilabo o in parola terminata da *e muta*, allora è *lungo*; quando ſeguito da una o più conſonanti nella ſillaba in cui ſi trova, allora è *breve*.

O, in *woman* partecipa dell' *u* Toſcana, e in *women* ſi cangia in *i*. Strana metamorfoſi fatta dall' uſo!

In alcune ſillabe e monoſillabi, dove l' *o* ſi trova fiancheggiato di quà e di là da due ſemplici conſonanti, prende un ſuono breviſſimo e ſtretto quaſi come *u*, come in *ſon, come*.

O, s' incorpora in dittongo con *a*, come in *moan, groan, approach*, e ha ſuono di *o* lungo.

Alcuni Ingleſi, troppo puntiglioſi in fatto d' etimologia, ſcrivono *oeconomy, Oedipus*, e altre tali voci derivate dal Greco, e pronunziano poi l' *oe* come *e*; ma perchè *oe* non è dittongo Ingleſe, i meno affettati ſcrittori ſcrivono e pronunziano *economy, Edipus*.

O unito a *i* in una ſteſſa ſillaba, come in *oil, ſoil, moil, toil, moiſt, noiſome*, forma un dittongo, in cui il ſuono d' una vocale non ſi perde in quello dell' altra, ed è per conſeguenza il più perfetto dittongo che gl' Ingleſi abbiano nella loro lingua.

O raddoppiato in una ſteſſa ſillaba forma un ſuono ſimiliſſimo alla *u* Toſcana, come in *boot, hoot, cool, cooler*. Queſta regola però patiſce alcune poche eccezioni, perchè nelle voci *door, floor* i due *oo* hanno ſuono d' una ſola *o* aperta e piuttoſto *breve* che lunga; in *flood, blood*, i due *oo* hanno un altro ſuono diverſo da i due già detti, ma non eſprimibile a un Italiano che dalla viva voce.

In certe voci derivate dal Latino, come a dire *cooperate*, i due *oo* ſi fanno entrambi ſentire diſtintamente come nella voce Toſcana *cooperare*.

Quando *o* s' accoppia nella ſteſſa ſillaba con *u*, talora ſerba il ſuo ſuono alfabetico, come in *our, four*; talora ne perde un poco come in *labour, favour, honour, vigour*, e altre voci venute in Inghilterra dal Lazio per la Francia, e talora ne acquiſta un poco come in *ſoul*, e la *u* in tutti e tre queſti caſi non le ſerve che come di paggio, perdendo della ſua naturale importanza. In *court* l' *o* ſuona, in *cough* ſi raccorcia; in *couple* [illegible] un po' ambe le labbra a [illegible]; in *rough, tough* non cagi[illegible] movimento nel labbro [illegible] l' uſo, Signori Italiani, l' [illegible] che vi può condurre da uno all' a[illegible]ti o così diverſamente immaſcherati [illegible], e farveli conoſcere tutti ſenza pericolo di ſbagliarne uno per un altro.

Difficile impreſa anche ſarebbe quella di far capire colla penna a un Italiano la differenza che ha l' *o* Ingleſe, quando, accompagnata colla *w*, termina ſillaba o monoſillabo o parola, e forma come un dittongo. In *bow*, verbigrazia, quando ſignifica *inchino*, e in *bowl* quando ſignifica *corpo ſferico*, ha un ſuono molto diverſo da quello che ha in *bow* quando ſignifica *arco da ſcagliar frecce*, o *archetto di violino*, e in *bowl*, quando ſignifica *vaſo concavo da tenervi coſe liquide*. Ma laſciatemelo ridire ancora mille volte; che la viva voce e l' uſo ſpianeranno queſto ſcabroſo cammino a que' che coraggioſi vorranno vederne a ogni modo la meta.

E quì eſorto i miei Paeſani volonteroſi di ſtudiare l' Ingleſe a non badare a certi moderni Innovatori che vorrebbono ſi ſcriveſſe *favor, honor, labor*, e altre tali Latineſche voci, invece di *favour, honour, labour*, come ſcriſſero e ſcrivono tutti i loro predeceſſori e contemporanei che ebbero e hanno orecchio fino. In tutti i paeſi vi ſono di queſti ſputacujeſſi che cercano di far figura con qualche novità nell' ortografia, coſa non meno facile a' trovaſi, che inſulſa quando è trovata.

U.

Anche queſta vocale ha due ſuoni in Ingleſe. Uno lungo, come in *ūſe, confūſion*, che in Italiano ſi pronunciano come ſe ſi ſcriveſſe *juus, conjuſion*; l' altro breve, come *ŭs, concŭſſion*.

Ma

Ma quando la *u* Ingleſe ſi debba pronunziare lung. come noi pronunzieremmo *ju*, o quando corta e quaſi come l' *u* de' Lombardi, quì cova la gatta, che nè io, nè altri credo abbia una regola univerſale e invariabile a queſto effetto!

Quando la *u* ſi accoppia coll' *a*, *e*, *o*, e precede loro, come in *quaff*, *queſt*, *quit*, *quote*, pronunziaſi come da' Toſcani ſenza punto di differenza. In alcune voci però accoppiata e precedente l' *i*, fa perdere a queſta ſmilza vocale il ſuo ſuono e l' annichila intieramente, come nelle voci *juice*, *fluice*. Nelle voci o ſillabe che cominciano in *gua*, *gue*, *gui*, la *u* è annichilata eſſa ſteſſa, che *guard*, *gueſt*, *guiſe*, per eſempio, ſi pronunziano come da noi ſi farebbe *ghiard*, *gheſt*, *ghais*.

Nella voce *virtue*, annichila il ſuono della *e*, e nelle voci *prorogue*, *ſynagogue*, *plague*, *vague*, *harangue* non ſolamente l' *e* finale ſparisce dalla pronunzia, ma l' *u* medeſima, nè più e meno di quello che farebbe in Franceſe in voci di quella ſtruttura, cioè terminanti in *gue*.

Y.

Di queſta vocale gl' Ingleſi potrebbono molto bene far ſenza, e non ſentirne grande incomodo, poichè non ſerve loro che per porla in fine delle parole in *vece* della *i*, come in *thy*, *my*, *ally*, *pretty*, e in moltiſſime altre; o dinanzi la *i*, come in *dying*, *ſpying*.

Queſta lettera quando ſi trova in fine di parola e di ſillaba preceduta da conſonante che non ſia *t*, ſuona come la ſillaba Toſcana *ai*, come in *ally*, *ſpy*, *my*, *thy*.

Quando in fine di ſillaba o di parola ſi trova preceduta dalla vocale *a*, allora le due vocali inſieme formano un ſuono dittongato che partecipia dell' *a* e dell' *i*, e di due vocali ſe ne fa una che ſuona come l' *e* Italiana pronunziata con un po' di ſtraſcico.

Quando in fine di parola o di ſillaba ſi trova preceduta da *o*, ha quel ſuono che la *i* Italiana avrebbe nello ſteſſo caſo, come *boy*, *deſtroy*, *joy*.

In fine di ſillaba o di voce la *y* preceduta da *t* conſerva un ſuono come la *i* Italiana, come *hearty*, *liberty*, *property*, *cruelty*, *pretty*, *Betty*, *knotty*, *ſmutty*.

Negli antichi libri e ſcritture Ingleſi queſta vocale *y* è uſata quaſi ſenza riguardo alcuno in vece di *i*.

Delle CONSONANTI.

B.

QUESTA lettera ſuona in Ingleſe come in Toſcano, ſalvo che ella è muta nelle voci *debt*, *debtor*, *doubt*, *lamb*, *limb*, *dumb*, *thumb*, *climb*, *comb*, *womb*, e in alcune altre, nelle quali è conſervata o per dritto d' antico poſſeſſo e di preſcrizione, o per qualche ragione etimologica.

C.

C, alfabeticamente ſi pronuncia quaſi come i Toſcani pronunciano la prima lettera di *ſino*.

C, accoppiata colla *e* o colla *i* conſerva il ſuo ſuono alfabetico, come in *ſincere*, *centrick*, *city*, *ciſtern*, *Nancy*.

C, accoppiata coll' *a*, coll' *o*, e coll' *u* ſuona come in Italiano farebbe nel medeſimo caſo, come in *calm*, *concavity*, *concupiſcence*, *incorporate*, *acorn*.

C, precedente conſonante ſi pronunzia altresì come ſi farebbe in Italiano nel caſo ſteſſo, come in *cling*, *cluſter*, *cloſet*, *clod*, *clink*, *clergy*, *cleft*, *clear*, *claw*, *claſp*, *claſh*, *crack*, *crag*, *craſy*, *credible*, *creep*, *cricket*, *crimp*, *cruel*.

C, accoppiata con *h* in voci derivanti dal Greco, pronunciaſi come noi facciamo la *K* in *Kirie*, come in *chymiſt*, *ſcheme*, *choler*.

C, accoppiata con *h* in parole non derivanti dal Greco ſuona come ſuona in Italiano nelle ſilabe *ce*, *ci*, come in *chew*, *chattel*, *cheap*, *church*, *chin*, *child*, *chief*, *urchin*, *much*, *ſuch*.

Oſſerviſi però che nella dignitaſa ſillaba *arch* accoppiata ad altra parola cominciante con conſonante; come in *archbiſhop*, *archrogue*, e ſimili, il ſuono di *ch* ſi conſerva come diſſi nelle voci *chew*, *chattel*, *cheap*, &c. ma *arch* ſi cambia pronunziando in *ark* quando s' accoppia con parola cominciante con vocale, come in *archangel*.

Ch, in certe voci traſportate o dal capriccio o dalla neceſſità dalla lingua Franceſe nella Ingleſe, come *chaiſe*, *machine*, ritengono il loro ſuono nativo che s' avvicina aſſai a quello di *ſce* e *ſci* Toſcano.

Molti ſcrittori moderni, e ſe non m' ingannano le conjetture, ſeguaci della ſetta preſbiteriana, hanno da poco in quà cominciato a perſeguitare certi adjettivi venuti loro da

Roma, come *publick, chaſſick, beatifick*; e moſſi da zelo di religione vorrebbono mozzar via quella lettera *K* che a tali parole ſerve quaſi per coda. Io però avverto que' miei paeſani che porranno amore alla lingua Ingleſe, di non renderſi mai colpevoli di una così ingiuſta e crudele mutilazione, perche la lettera *c* non deve mai terminare alcun vocabolo Ingleſe, altrimente ſi da un pugno in faccia al genio della Brittanna ortografia, il quale per più ſecoli ha conſervata quella *k* in fine di quegli adjettivi egualmente che in fine di tali e molt' altri vocaboli, ſenza moleſtia, ſenza danno, e ſenza vergogna neſſuna.

D,

Ha un ſuono coſtante, e in tutto ſimile a quello che ha in Italiano.

F.

Anche queſta conſonante ha ſuono coſtante e ſimile a quello che noi le diamo, ſalvo che nel monoſillabo *of*, che molto ſovente ſi pronunzia dagl' Ingleſi come noi facciamo la prima ſillaba di *ovvero*.

G.

Quando queſta conſonante è ſuceduta in ſillaba da *a, o, u*, ha il medeſmo ſuono duro che noi le diamo nello ſteſſo caſo, come nelle voci *gay, gain, gall, goer, goſpel, gull, gum, gun, gut*.

Duro ſuono ha pure quando è ſeguita da conſonante, o dall' *h* in principio di ſillaba, come in *ghaſtful, gherkin, ghoſt, glace, glad, gleen, gleek, glitter, globe, glue, glum, groom, grow, grudge*. Queſta regola però patiſce eccezione quando in ſillaba *g* è ſeguita dalla conſonante *n*, che allora perde molto del ſuono, anzi lo perde interamente, come nelle voci *gnarl, gnat, ſign, foreign*; e anche a queſta eccezione biſogna farne un altra, cioè che in parole derivanti dal Greco la *g* conſerva il ſuo ſuono duro quantunque ſeguita dalla conſonante *n*, come in *gnomon, gnomonicks*.

E ſuono duro ha altresì in alcune poche voci dove precede in ſillaba la vocale *y*, quando però quelle voci ſieno native Ingleſi, come in *gybe, gyves, gyve*; ma il ſuono è molle quando *g* precede in ſillaba l' *y* in voci derivate dal Greco o dal Latino, come *gymnaſtick, gymnick, gyration, gyre*.

Se la *g* precede in ſillaba le vocali *e* o *i*, difficile coſa è il far capire a un Italiano quando è dura e quando è molle, cioè quando ha ſuono ſimile a quello che ha nelle noſtre voci *gabbia, gola, guſto*, e quando lo ha ſimile a quello che ha nelle noſtre voci *gente, genere, gita, giova*. Vediamo tuttavia ſe gli è poſſibile trovar filo che ci conduca in queſto labirinto.

Io credo che ſi poſſa ſtabilire come regola generale, che quando la *g*, precedente in ſillaba *e* o *i* nelle voci venute in Inghilterra dal ſettentrione, cioè nelle voci d' origine Teutonica, conſerva il ſuo originale ſuono duro, come in *gear, geeſe, geld, get, gewgaw, gibe, giddy, gift, gild, gimlet, gird, girl, give, finger, hanger, monger*. Ma nelle voci venute in Inghilterta da levante e da mezzo giorno, cioe nelle voci derivate dal Greco, dal Latino, dal Franceſe, o dall' Italiano, *g* precedente *e* o *i*, ha ſuono molle, quale lo ha preſſo di noi nello ſteſſo caſo, come nelle voci *gelid, gem, gender, generous, gentleman, geometer, gerund, gibbous, gibbet*, (*forca*, dal Franceſe *gibet*) *gin* (*trappola*, corrotto da *engine*, derivato da *ingegno*) e *gin* (*ſorta di liquore*, derivato dall' Italiano *ginepro*, o dal Franceſe *genéve*.)

Queſta regola patiſce però alcune poche eccezioni, che la prima *g* in *gingle*, quantunque non nata in caldo clima, ha ſuono molle, e la *g* in *gibberiſh*, quantunque ſi pretenda venuta dall Arabia' ha ſuono duro.

G, è ſempre dura quando ſi trova in fine di ſillaba o di parola, come nelle voci, *ring, fling, pug, ſnug, ſong, throng*. Biſogna però oſſervare ch' ella è muta terminando la ſillaba *ing* quando tal ſillaba, che per ſe non ha ſignificato alcuno, àltera il ſignificato dell' infinito e lo fa diventare participio, come in *ſinging, ringing, playing, going, coming, attacking, getting, knowing*.

Ho detto che quando *g* è ſeguita dall' *h* in principio di ſillaba ha ſuono duro, come nelle voci *ghaſtful, gherkin, ghoſt*. Quando però *gh* ſi trova in mezzo di ſillaba o in fine, allora perdeſi e s' annulla, come nelle voci *though* che ſi pronunzia *tho'*; *rough* che ſi pronunzia *roff*; *right, ſight, might*, che ſi pronunziano *rait, ſait, mait*; e così in molt' altre; avvertendo ancora che in buon numero d' altre voci e ſillabe terminanti in *gh*, tal *gh* ſi cambia in *f*, come in *laugh* e ſuoi derivati

in

in *cough, tough, enough, slough.* Ma come diſſi queſto negozio del *g* in Ingleſe è un labirinto; di cui l' uſo ſolo e la viva voce ne può apprendere le intricate vie.

H.

Queſta lettera, o piuttoſto ſegno, in Ingleſe ſerve ſolo ad additare che la vocale che immediatamente la ſiegue in principio di parola deve pronunziarſi con forte ſpinta di fiato, quando quella tal parola è pullulata da radice Teutonica, come nelle voci *hat, had, haggard, hair, health, happy, hammer, hang, help, hemlock, herd, hide, high, hill, hiſs, hog, hold, hope, how.* Quando però *h* principia parola ò ſillaba derivata dal Latino, l' aſpirazione non ha punto luogo, come in *habit, harmony, heir, herb, hereditary, hermit, hero, hieroglifick, hilarity, hiſtory, honeſt, honour, hour, humour, humble, hydropick, hymeneal, hypotheſis.* In tali parole gl' Ingleſi non l' hanno conſervata che per puro amore all' etimologia, come ſecero per alcuni ſecoli anche gl' Italiani.

Quando l' *h* ſi trova in mezzo di lettera o in fine, come s' è detto di ſopra alla lettera *g*, ci ſerve, come il matto ne' tarocchi, per comodo di qualch' altra lettera, la di cui pronunzia ſarebbe a gran pena determinanta ſenza l' aſſiſtenza di queſto ſegno.

J.

La *j* conſonante ſuona in Ingleſe come la *g* molle, cioè come la noſtra *g* quando precede *e* o *i*, tanto che queſti Iſolani protrebbono torla via del loro alfabeto ſe non foſſe che ſerve loro per conſervare l' etimologia Latina di più voci, come in *japan, jealous, jeſt, joke, junĉture, junior, juvenile,* nelle quali ſi pronunzia tale e quale come in quelle di derivazione Teutonica *jude, jar, jeer, jerk, jilt, job, jowler, jug, jump.*

K.

Queſta lettera ha quel medeſimo ſuono che ha il noſtro *c* quando precede *a, o, u,* come in *kalender, kaw, keel, keen, ken, key, kid, kin, king, ſkirt, ſkeptick,* (che molti ſcrivono *ſceptick.*)

Oſſerviſi però che quando in principio di parola o di ſillaba la *k* è ſeguita da *n*, allora diventa affatto muta, così che ſi ſcrive *knack, knave, knead, knight, knit, knock, know, knotty, knuckle,* ma ſi pronuncia come ſe ſteſſe ſcritto ſolamente *nack, nave, nead, night,* &c.

Leggaſi anche l' ultimo articolo nelle oſſervazioni che ho fatte più ſù ſulla conſonante *C*, dove diſſi qualcoſa della *k* finale negli adjettivi venuti dal Lazio in Inghilterra.

L.

Ha lo ſteſſo ſuono liquido che ha in Italiano. Raddoppiaſi al fine de' monoſillabi, come *kill, will, full,* perchè dagli antichi Ingleſi tali parole ſi ſcrivevano *kille, wille, fulle,* e quella *e* finale probabilmente ſi pronunziava dapprima, poi divenne muta, e poi in proceſſo di tempo ſi troncò via; la ſeconda *l* però fu conſervata per dar forza alla prima ſecondo l' analogia della lingua Ingleſe.

L, è qualchevolta muta, come nelle voci *calf, half, halves, calves, could, would, ſhould, pſalm, talk, ſalmon, falcon.*

Le, quando è finale, pronunziaſi con un ſuono languido, e quaſi come gl' Italiani pronuncierebbono *el*, come in *table, ſhuttle, pickle.*

M.

Suona eſattemente come in Italiano.

N.

Suona pure come in Italiano, eccettuato quando vien dietro a *m* nella ſteſſa ſillaba, che allora tace affatto, come in *damn, condemn, hymn.* In *condemnation, damnation,* e ſimili, la *n* ſi pronuncia perchè non è più in una ſteſſa ſillaba colla *m.*

P.

Suona come in Italiano, eccetto quando ſi trova in ſillaba fra *m* e *t*, che allora non ha ſuono alcuno, come in *tempt.* In *pſalm* e ſuoi derivativi è altresì muta.

P ſeguíta dall' *h* in voci derivate dal Greco o dal Latino ha ſuono di *f*, come in *philoſopher, philanthropy, Philip.*

Q.

Queſta lettera come in Italiano ſi pronunzia, e come in Italiano è ſempre ſeguita da una *u*, come in *quadrant, queen, quilt, equeſtrian.*

Qu, in certe voci derivate dal Franceſe, ſuona come *k*, come nelle voci *conquer, liquor, chequer.*

R.

R, ha lo ſteſſo ſuono cagneſco che ha in Italiano. In voci derivate dal Greco trovaſi per ragione d' etimologia ſeguita dall' *h*, come in *myrrh*, *myrrhine*, *catarrhous*, *rheum*, *rheumatick*, *rhyme*.

S.

S, ha per lo più ſuono di fiſchio, ſpezialmente in principio di parola, come in *ſibilation*, *ſiſter*, *ſyllable*, nelle quali la *ſ* pronunciaſi come in Italiano in *ſibilo*, *ſorella*, *ſillaba*.

S ſemplice di rado termina parola Ingleſe, trattine i plurali de' nomi, come *trees*, *buſhes*, *diſtreſſes*, *fathers*, *mothers*, le terze perſone de' verbi, come *loves*, *grows*, *preſents*, *attacks*, i pronomi *this*, *his*, *ours*, *yours*, l' avverbio *thus*; e alcune poche voci derivate dal Latino, come *rebus*, *ſurplus*. In ogni altro caſo le terminazioni ſono in *ſe*, come *houſe*, *horſe*, *mouſe*, nelle quali la *e* è muta; o in *ſs*, come nelle voci *maſs*, *laſs*, *dreſs*, *diſtreſs*, *kiſs*, *miſs*, *buſs*, e quando tali voci ſono nomi ſoſtantivi ſuſcettibili di plurale, il plurale ſi forma con aggiungere *es*, *maſſes*, *laſſes*, *dreſſes*, *diſtreſſes*, *kiſſes*, *miſſes*, *buſſes*.

Oſſervisi che l' *ſ* ſemplice quando è finale non fiſchia con tanta forza come fa quando ſi trova nel cominciamento di ſillaba o di parola, ſalvo che nelle voci *this*, *thus*, *us*, *rebus*, *ſurplus*, che in eſſe conſerva il ſuono gagliardo come quello che ha in *ſibilation*, *ſiſter*, *ſound*, *ſyllable*.

In voci venute dal Latino e terminanti in *ion* ha ſuono forte e molto fiſchiante quando ſiegue una conſonante, come in *converſion*, *reverſion*, e ſuono languido e poco fiſchiante quando ſiegue una vocale, come in *intruſion*, *confuſion*.

S, ha ſuono debole altresì quando è ſeguíta dall' *y* finale, come in *roſy*, o dall' *e* muta, come in *refuſe*. In queſto ſecondo caſo però e' c' è una eccettuazione molto ſtrana, e forſe la ſola in tutta la lingua Ingleſe, ed è nella voce *abuce*, che quando è verbo la *ſ* ſi pronuncia languida, e quando è nome ſi pronuncia gagliarda.

S, ſuona anche languidamente nelle voci *boſom*, *deſire*, *wiſdom*, *priſon*, *priſoner*, *préſent*, *preſent*, *damſel*, *caſement*; e il perchè di queſta ſua languidezza in queſte voci e in molt' altre, contro la regola generale, io non l' ho potuto trovare, quantunque l' abbia cercato un pezzo.

S, tace aſſolutamente nelle voci *isle*, *island*, *demeſne*, *viſcount*.

T.

T, ha primariamente il ſuono che ha in Italiano, come in *take*, *tempted*, *bombaſt*, *attain*, *calamity*, *cataract*.

Ti dinanzi a vocale ha ſuono come di *ſi* nelle voci quaſi come di *ſci* in Italiano, come in *notion*, *ſalvation*, che ſi pronunciano quaſi come da noi ſi farebbe ſe ſi ſcriveſſe *roteſcion*, *ſalvaſcion*.

S' oſſervi però che tal cangiamento di ſuono nella lettera *t* non ſuccede quando *ti* è ſeguito dalla *s*, che allora ſi pronunzia Italianamente, come in *queſtion*, e coſì ne' derivi di voci terminanti in *y*, come da *migthy*, *mightier*.

Th, ha due ſuoni in Ingleſe. Uno che s' avvicina molto a quello del *d*, come in *then*, *thence*, *there*, e loro derivativi e compoſti e in *that*, *theſe*, *thou*, *thee*, *thy*, *thine*, *their*, *they*, *this*, *thoſe*, *them*, *though*, *thus*, e dappertutto dove ſi trova in mezzo di due vocali, come in *father*, *mother*, *whether*, *either*, e tra l' *r* e una vocale, come in *burthen*, *murther*.

L' altro ſuono di *th* non ſi può eſprimere a un Italiano che a viva voce, eſſendo un ſibilo che ſi fa colla punta della lingua fra denti, come in *thick*, *thunder*, *faith*, *faithful*.

Un terzo ſuono parmi aver oſſervato in *th*, che i grammatici Ingleſi confondono col primo, e che a me pare ſia un pochino ſibilante e inſieme un poco parente della lettera *d*, come nelle voci *breathe*, *clothe*, e in altre, dove *th* è ſeguíto da *e* muta; ma di queſto ſuono egualmente che del ſecondo non potrei darne idea che colla voce.

Biſogna ancora eh' io dica che la *t* in molte parole derivanti dal Latino innanzi *i* e *u*, ſuona come il *c* molle degl' Italiani, come in *mutual*, *habitual*, *nature*, *ſculpture*, e infinite altre che da tutti ſento ſi pronunciano *mùcual*, *hàbicual*, *nàciur*, *ſcùlpciur*. Forſe che queſto ſtrano ſuono dato al *t* è vizioſo e della plebe; pure lo ſento ogni dì in bocca de' dotti e de' nobili.

V.

Queſta lettera, quando è conſonante, non è in nulla

nulla diſſimile dalla noſtra, come in *vain, vanity, invention, obſerve.*

W.

Alcuni grammatici Ingleſi hanno poſta queſta lettera nel numero delle vocali, comechè la maggior parte d' eſſi la dicano conſonante perchè nè s'incorpora con altre vocali, nè le diſtrugge nè è diſtrutta quando s'accozza con eſſe, come in *froſty weather.*

W, è però ſicuaramente vocale quando ſi trova l' ultima in ſillaba o parola, come in *draw, view, blow, ſnow, drawing, viewing, blowing, ſnowing*, o almeno ſe non è vocale aggiunge ſuono alla vocale che la precede, e forma con eſſa una ſpezie di dittongo particolare alla lingua Ingleſe.

W, è anche ſecondo l' opinion mia, una vocale quando è ſeguita da vocale, perchè allora forma dittongo, cioè ſi confonde in parte con tal vocale, come in *water, well, wench, wood.* Vocale, o no, noi non abbiamo ſuono che ſomigli al ſuo, onde non poſſo darne idea con la penna.

Quando in principio di ſillaba *w* è congiunto all' *h* (nel qual caſo ſiegue ſempre una vocale e non mai una conſonante) come in *what, whence, white,* ſi pronunzia con più vemenza di fiato.

Nelle voci, *whore, wholſome*, e generalmente in tutte quelle che cominciano in *who* e non in *whoo*, pare che l' uſo l' annichili, e che tali voci ſi pronunzino come ſe cominciaſſero con un' *h* aſpirata con forza.

X

X, non ſi trova che cominci mai alcun vocabolo Ingleſe. Quando ſi trova in mezzo altre lettere ha quel ſuono che noi le diamo quando la leggiamo in Latino; come in *axle, extraneous, connexion.*

Y.

Queſta lettera è appunto *come il Pipeſtrello ch' or ha forma di Topo ed or d' Uccello*; voglio dire che quando ſiegue conſonante *y* è vocale, e quando ſiegue vocale *y* è conſonante. Alcuni vogliono che ſia ſempre vocale; ma non farà di queſto penſiero chiunque oſſerverà che vien dietro a ſe ſteſſa quando è conſonante ſenza punto incorporarſi o diminuirſi, come in *roſy youth,*

Z.

Anche queſta Lettera come la *x* non da principio a neſſun vocabolo veramente Ingleſe. Il ſuo ſuono quando ſi trova in mezzo di parola è dolce e quaſi ſomigliante a quello del noſtro *z* nelle parole *gentilizio, pulizia.*

Ed ecco la ſpiegazione dall' alfabeto finita, che ſpero non iſpaventerà il leggitore Italiano, quantunque preſenti a' ſuoi occhi dirò così, una montagna ſcabra e di malagevoliſſima ſalita, ſenza aſcender la quale non ſia poſſibile di entrare nel glorioſo tempio della lingua Brittannica. Se contra la mia intenzione queſto foſſe mai il caſo con qualche mio ſtudioſo Paeſano, deh confortiſi, e non ſi laſci ributtare dall' aſpetto di poche rupi e balze, e non faccia tanta vergogna al coraggio Italiano, uſo a vicere e negli antichi e ne' moderni tempi i più oſtinati oſtacoli; che po' poi l' imparare queſta veramente difficile lingua non è come un avventurarſi ſull' incognito oceano, e andare in cerca d' un nuovo mondo con poco conſiglio e ſenza guida; e il piacere che l' ardito Italiano trarrà dalla lettura di Shakeſpeare ſolo, ampiamente lo rifarà della virtuoſa e bene ſpeſa fatica.

Dell' ETIMOLOGIA.

L' Etimologia inſegna a *dedurre una parola da un' altra, i diverſi accidenti de' nomi e de' verbi, e i varj ſignificati d' uno ſteſſo vocabolo.*

Degli Artricoli Inglesi.

Gl Ingleſi non hanno che due articoli, *a* e *the.*

L' articolo *the* non è ſoggetto ad alcun cambiamenno, mutilazione, o aggiunta. I poeti qualche volta per comodo, e forſe per biaſimevole licenza l' hanno ridotto a *th'*, ma in proſa ſcriveſi e pronunciaſi coſtantemente *the.*

L' articolo *a* ſi converte in *an* quando precede i nomi che cominciano con lettera vocale.

Se dinanzi a i nomi che cominciano con *u* vocale ſi ſcriveſſe queſto articolo ſenza *n*, ſuonerebbe meglio al mio orecchio, perche gl'

Ingleſi

Ingleſi generalmente in principio di ſillaba, come ho detto a ſuo luogo, pronunziano tal vocale come un Italiano, anzi come un Franceſe pronunzia la ſillaba *yu*, così ſarei tentato di ſcrivere *a univerſity* e non *an univerſity*; pure i loro meglio Scrittori hanno in tal caſo ſcritto *an*; e quantunque io oda frequentemente nel diſcorſo familiare tale articolo in tal caſo non accompagnato dalla conſonante *n*, pure tirato dall' autorità riſpettabile di chi è da ſupporre ſappia l' Ingleſe meglio di me, ſcrivo e pronunzio malgrado mio *an univerſity* e non *a univerſity*; Non credo però d' eſſere mal profeta predicendo che col tempo quella *n* ſarà bandita da quell' articolo in tal caſo.

A, ha un ſignificato indefinito, e vuol dire, *one*, cioè *uno* o *una*, relativamente a *more*, *più*; come, *this is a good book*, *queſto è un buon libro*, cioè, *uno fra i libri che ſono buoni*: *he was killed by a ſword*, *egli fu ucciſo da una ſpada*: *this is a better book for a man than a boy*, queſto *è un Libro migliore per uno che ſia uomo che non per uno che ſia fanciullo*: *an army might enter without any reſiſtance*, *un eſercito vi potrebbe entrare ſenza oſtacolo alcuno*. In ſomma queſto articolo *a*, o *an*, corriſponde generalmente à i noſtri *uno* o *una* quando non hanno ſignificato riſoluto e preciſo.

Ne' caſi in cui gl' Ingleſi uſano nel ſingolare l' articolo *a* o *an*, uſano il plurale ſenz' articolo veruno, come *theſe are good books*, *queſti ſono libri buoni*, e lo ſteſſo facciamo anche noi in Italiano.

Queſto articolo i grammatici d' un ſecolo fa conſigliarono a ſcriverlo *an* innanzi a voci comincianti con *h*, d' onde appare che gl' Ingleſi allora aſpiravano meno tal ſegno o lettera. Oggidì però dinanzi all' *h* procedente dal Latino, che non è aſpirata da chi correttamente parla, l' articolo è *an*, e dinanzi all' *h* derivato dal Teutonico, che è aſpirata da chi s' intende d' eleganza Ingleſe, l' articolo è *a*. Così gl' Ingleſi moderni dicono *an honeſt man*, perchè *honeſt* viene dal Latino *honeſtus*, e dicono *a houſe*, perchè *houſe* viene dal Teutonico o vogliamo dire dall' antico Saſſone *hus*.

Al leggitore Italiano ſovvenga a queſto propoſito di quello che ho detto parlando nell' ortografia della lettera *h*, e ſe l' aveſſe già ſcordato lo rilegga, che quanto ho detto là ſpande qualche lume ſu quello che dico quì.

The ha un ſignificato particolare e definito, come ſovenſe i noſtri articoli, *il*, *la*, *lo*. Queſto ſi vede due volte in queſto eſempio tratto da' primi verſi del Paradiſo Perduto di Milton.

THE *fruit*
Of that forbidden tree, *whoſe morta*
Brought death into THE *world*,

Cioè, *quel particolar frutto*, *è quel mo*
cui viviamo. E così nella ſcrittura ſac
detto del creatore, che *he gives fodder fo*
cattle, *and green herbs for* THE *uſe of*,
cioè, *per quelle creature che ſono irragione*
per l' uſo di quella che chiamiamo uomo.

The ſi uſa indeclinabilmente tanto nel ſingolare quanto nel plurale, come in queſto eſempio tratto da Dryden.

I am as free as nature firſt made man,
Ere THE *baſe laws of ſervitude began*,
When wild in woods THE *noble ſavage ran*.

In tre caſi i nomi s' uſano ſenza l' articolo.

1. Ne' nomi propri, come *John*, *Alexander*, *Longinus*, *Shakeſpeare*, *Spenſer*, *Jeruſalem*, *Athens*, *Rome*, *London*, *Turin*, e ſimili.

2. Ne' nomi aſtratti, come *blackneſs*, *witchcraft*, *virtue*, *vice*, *beauty*, *uglineſs*, *love*, *anger*, *good-nature*, *kindneſs*, e ſimili.

3. Ne' nomi che determinano aſſolutamente l' eſſere di qualche coſa, como in queſto eſempio, *this is not* WINE, *but* BEER; e in queſto, *this is not* BRASS, *but* STEEL.

In tutti e tre queſti caſi noi pure non uſiamo articolo.

De' NOMI SOSTANTIVI.

LE relatività de' nomi alle parole che precedono o che ſieguono, nella lingua Ingleſe non ſono eſpreſſe da caſi o cambiamenti di terminazioni, come in Latino; ma da articoli o da prepoſizioni, come in Italiano, Talora però hanno un genitivo che termina in *s*, del quale farò parola poco più ſotto e dopo d' aver declinato un nome.

Singolare

Singolare Maſcolino.

Nom. *a* Maſter, *the* Maſter.	*Un* Maeſtro, *il* Maeſtro.
Gen. *of a* Maſter, *of the* Maſter.	*D' un* Maeſtro, *del* Maeſtro.
Dat. *to a* Maſter, *to the* Maſter.	*A un* Maeſtro, *al* Maeſtro.
Acc. *a* Maſter, *the* Maſter.	*Un* Maeſtro, *il* Maeſtro, Maeſtro.
Voc. Maſter, *O* Maſter.	Maeſtro, *O* Maeſtro.
Abl. *from a* Maſter, *from the* Maſter.	*Da un* Maeſtro, *dal* Maeſtro.

I nomi femminini non hanno nè articoli nè prepoſizioni che li diſtinguano da' maſcolini, come hanno in Italiano, e così ſi dice *a miſtreſs*, *the miſtreſs*, *of a miſtreſs*, *of the miſtreſs*, eccetera.

Ho detto che i caſi obliqui ne' nomi Ingleſi non ſono diſtinti dal retto dalle loro terminazioni. Biſogna però oſſervare che talora il loro genitivo ha una terminazione ſua propria in *'s* con un apoſtrofe che la precede; così che in vece di dire *the ſtrength of* MAN (*la forza dell' uomo*) dicono *man's ſtrength*. Alcuni grammatici Ingleſi credono ancora oggidì, e gli antichi grammatici loro l' han creduto altresì che queſta ſorte di genitivo non ſia altro ſe non il pronome maſcolino *his* abbreviato ed incorporato col nome principale *man*, e in antiche ſcritture Ingleſi ſi trova molto frequentemente ſcritto *the man his ſtrength*. E' più probabile però che queſto genitivo terminante in *'s* apoſtrofata, e ſenza alcuna aſſiſtenza di prepoſizione o d' articolo, ſia il genitivo originale e naturale della loro lingua' e che non ſia punto una unione o incórporo di quel pronome maſcolino, perchè queſto genitivo ſegnato con una *'s* ha anche luogo in nomi femminini; e ſarebbe aſſurdo il credere che gl' Ingleſi antichi aveſſero accopiato un pronome maſcolino ad un nome femminino, dicendoſi anche genitivamente *woman's beauty* (*la bellezza della donna*) in vece di dire *the beauty of woman*. Dunque il nome ſoſtantivo *maſter*, declinato pur ora per dar un eſempio delle loro declinazioni ſi potrebbe anco declinar così

Singolare,

Nom. *a maſter*, *the maſter*.
Gen. *maſter's*.
Dat. *to a maſter*, *to the maſter*, &c.

Plur.

Nom. *maſters*, *the maſters*.
Gen. *maſters*.
Dat. *to maſters*, *to the maſters*, &c.

Anzi alcuni ſcrittori loro più ſecondo il genio della loro lingua che ſecondo l' uſo univerſalmente ricevuto, ſcriſſero e ſcrivono al Genitivo *maſters*, ſenza curarſi neppure di quell' apoſtrofo, dell' eſiſtenza del quale non ſi puo veramente dar ragione, quando ſi voglia addottare l' opinione che tale genitivo è naturale alla lingua, e non formato dell' abbreviato pronome *his*.

Il plurale de' nomi ſoſtantivi è, generalmente parlando, preſto formato, perchè baſta aggiungere una ſemplice s al ſingolare, ed eccoti il plurale bello e fatto, *maſter* (*maeſtro*) *maſters*, (*maeſtri*) e queſto vale tanto nel caſo retto quanto negli obliqui.

Alcuni nomi di origine Teutonica mutano però la loro terminazione nel plurale; come *man*, *men*, *woman*, *women*; *mouſe*, *mice*; *die*, *dice*; *child*, *children*; *gooſe*, *geeſe*; *tooth*, *teeth*, *penny*, *pence*; Non ſo però qual regola dare al lettore perchè ſappia quando la terminazione plurale dev' eſſere in *s*, e quando no, perchè non ho mai potuto rintracciarne una che ſia veramente univerſale e coſtante. Verbigrazia *fox* nel plurale fa *foxes*, e *ox* nel plurale è *oxen*; e ſiccome tanto *fox* quanto *ox* ſono voci derivate dal Teutonico, non ſi ſa cred' io da neſſuno perchè le loro terminazioni plurali non corriſpondano alle loro terminazioni ſingolari.

Per vincere queſta difficoltà biſogna che il leggitore Italiano abbia ricorſo ad un' attenta oſſervazione nel legger libri Ingleſi, o a qualche catalogo di tali ſoſtantivi irregolari, che più d' uno ve n' ha in alcune gramatiche, e che io non traſcrivo quì perchè m' è ſtrata preſiſſa la lunghezza di queſta da chi mi paga per la fattica del farla.

Anticamente *eye* faceva al plurale *eyen*, e *ſhoe* faceva al plurale *ſhoen* e così molt' altri; oggi però ſi ſono cambiati in *eyes*, *ſhoes*; e chi ſa che coll' andare del tempo tutti o almeno la più parte de ſoſtantivi Ingleſi non facciano la ſteſſa metamorphoſi, tanto per comodo de' nativi che per quello de' foreſtieri, come *eye* e *ſhoe* hanno fatto?

Notiſi che *brother* (fratello) fa al plurale *brothers* e *brętheren*. *Brothers* è uſato nel diſcorſo

corſo commune, *bretheren* è dello ſtile ſacro e ſolenne.

Voci chè finiſcono con una *f* nel ſingolare, formano il loro plurale in *ves*, come *loaf*, plur. *loaves*; *calf*, plur. *calves*; *leaf*, plur. *leaves*. A queſta regola però vi ſono eccettuazioni, perchè *hoof*, *roof*, *proof*, *relief*, *miſchief*, *puff*, *cuff*, *dwarf*, *handkerchief*, *grief*, e molt' altre non fanno altro che pigliare un *s* per formarſi il plurale, *hoofs*, *roofs*, *proofs*, *reliefs*, &c.

Degli ADDJETTIVI.

Gli addjettivi nella lingua Ingleſe ſono aſſolutamente indeclinabili, non avendo nè genere, nè numero, nè caſo, così che *good* (*buono*) s' aggiunge a *uomo*, a *donna*, a *uomini*, a *donne*, ſenza alcuna diſtinzione in tutti i caſi o retti o obliqui.

Il comparativo ſi forma aggiungendo *er* al poſitivo, e il ſuperlativo ſi fa aggiungendo *eſt*, come FAIR, *fairer*, *faireſt*; SWEET, *ſweeter*, *ſweeteſt*; LOW, *lower*, *loweſt*; HIGH, *higher*; *higheſt*; LOVELY, *lovelier*, *lovelieſt*.

Alcuni comparitivi e ſuperlativi ſi formano irregolarmente, come GOOD, *better*, *beſt*; BAD, *worſe*, *worſt*; LITTLE, *leſs*, *leaſt*; NEAR, *nearer*, *neareſt*, o *next*; MUCH, *more*, *moſt*; MANY, *more*, *moſt*; LATE, *later*, *lateſt*, o *laſt*.

Alcuni comparativi formano il ſuperlativo con aggiungere *moſt*; come NETHER, *nethermoſt*; OUTER, *outmoſt*; UNDER, *undermoſt*; UP, *upper*, *uppermoſt*; FORE, *former*, *foremoſt*;

Moſt è alcuna volta aggiunto a ſoſtantivo onde diventi un adjettivo ſuperlativo, come *topmoſt*, *ſouthmoſt*.

Alcuni addjettivi non ammettono terminazione diverſa per formarſi i comparitivi e i ſuperlativi, i quali ſono formati da *more* e da *moſt*, come BENEVOLENT, *more benevolent*, *moſt benevolent*.

Tutti gli addjettivi ſoffrono di divenire comparativi e ſuperlativi con accompagnarſi a *more* e a *moſt*, anche quando hanno comparativi e ſuperlativi formati regolarmente, come *fair*, comparativo *fairer*, o *more fair*; ſuperlativo *faireſt*, o *moſt fair*.

La formazione de' comparativi e de' ſuperlativi in Ingleſe è coſa piena di molta incertezza, e da non ridurſi mai a regole aſſolute, diſpendendo molto dall' agevolezza nel pronunziarli, o dalla piacevolezza del loro ſuono.

Gli addjettivi monoſillabi però ſono comunemente e comparati e ſuperlativi regolarmente in *er* e in *eſt*, come dicemmo nel primo paragrafo; e i poliſillabi ſono per lo più comparati o fatti ſuperlativi con li avverbi *more* e *moſt*, [illegible] *deplorable*, *moſt dep[illegible]*

Gli addjet[illegible] *me*, *ful*, *ing*, *ous*, [illegible] *my*, *ni*, *py*, *ry*, il comparativ[illegible] *moſt*. Rigu[illegible] *ry*, biſogna [illegible] *happy* e *hoary*

Turtavia [illegible] poſſono trar[illegible] verbigrazia, [illegible] *dieſt*; da *powe*[illegible] formò *virtuo*[illegible] Bacone da Verulamio da *mortal* formò *mortaleſt*; Benjamino Jonſon da *wretched* formò *wretcheder*; e così altri autori l' hanno fatta come venne loro in capriccio; ma dal pigliarſi di coteſte libertà ogni Italiano che vorrà ſcrivere Ingleſe, ſi guardi almeno ſintanto che poſſa ſcrivere in queſta lingua coſe uguali a quelle di Milton, di Bacone, e di Benjamino Jonſon.

Le terminazioni in *iſh* ſi poſſono conſiderare come comparativi diminuenti, come *black* (*nero*), *blackiſh* (*alquanto nero*); *falt* (*ſalato*). *ſaltiſh* (*alquanto ſalato*); *late* (*tardi*), *latiſh* (*alquanto tardi*); queſti addjettivi in *iſh* noi liformiamo ſovente con varietà di terminazioni, e per *blackiſh* diremmo *nericcio*; per *ſaltiſh*, *ſalmaſtro*; e per *latiſh*, *tardetto*.

De' PRONOMI.

I pronomi perſonali in Ingleſe ſono ſoggetti a varie irregolarità nelle loro inflеſſioni.

	Singolare.	*Plurale.*
Nominativo	I.	We
Caſi obliqui	Me.	Us.
Nominativo	Thou.	Ye.
Caſi obliqui	Thee.	You.

You è comunemente uſato dagl' Ingleſi moderni per *ye*, ſpecialmente da quelli che ſcrivono o parlano con bella creanza, adoperando la ſeconda perſona del plurale e non la prima, in vece della ſeconda perſona del ſingolare, come *you are my friend*, invece di *ye are my friend*.

Singolare.

	Singolare.	*Plurale.*	
Nominativo	He.	They.	Applicato a' maſcolini.
Obliquo	Him.	Them.	
Nom.	She.	They.	Applicato a' femminini.
Obl.	Her.	Them.	
Nom.	It.	They.	Applicato a' neutri, o a coſe.
Obl.	Its.	Them.	

Gl' Ingleſi, in vece di *it*, uſavano anticamente *he*; e, in vece di *its*, uſavano *his*.

I pronomi poſſeſſivi a ſimiglianza d' altri adjettivi, non hanno nè caſi nè differenze nelle terminazioni.

Il poſſeſſivo della prima perſona è *my*, *mine*, *our*, *ours*, della ſeconda è *thy*, *thine*, ; *you*, *yours*; e della terza, *his*, che deriva da *he*, e *her*, *hers*, che dirivano regolarmente da *ſhe*, e nel plurale, *their*, *theirs*, tanto pel maſcolino quanto pel femminino e pel neutro.

Pronomi relativi ſono *who*, *which*, *what*, *whether*, *whoſoever*, *whatſoever*.

	Singolare e *Plurale.*
Nominativo	Who.
Genitivo	Whoſe.
Altri obliq	Whom.
Nom.	Which.
Gen.	Of which *o* whoſe.
Altri obl.	Which.

Who è oggi uſato parlando di perſone, e *which* parlando di coſe. Anticamente però ſi uſavano indiſtintamente l' uno per l' altro.

Whoſe è il genitivo poetico anzi che il regolare di *which*.

Whether comincia a diventare una *voce antica* in Ingleſe, ed è uſato ſolamente nel nominativo e nell' accuſativo; nè ha plurale, eſſendo applicato ſoltanto a *uno* d' un numero, il qual numero è per lo più di *due*, come in queſti eſempi; *Whether of theſe is left I know not*, cioè *whether of theſe two*; *whether ſhall I chooſe?* cioè *chooſe of theſe two?*

What, ſia relativo, ſia interrogativo, non ammette cangiamento di terminazione.

Whoſoever, e *whatſoever*, eſſendo compoſti di *who* o *what* e *ſoever*, ſieguono la regola de' loro primitivi, cioè di *who* e *what*.

	Singolare	*Plurale.*
In tutti i caſi	This.	Theſe.
	That.	Thoſe.
	Other.	Others.
	Whether.	Whether.

Il plurale *others* non è uſato ſe non quando ſi riferiſce a ſoſtantivo precedente, perciò ſi direbbe *I have ſent* OTHER *horſes*, e non *others horſes*, perchè a *horſes* in queſto caſo non precede altro ſoſtantivo; ma poi ſi direbbe *I have not ſent the ſame horſes but* OTHERS, perchè *others* riferiſce a' *cavalli diverſi da quelli mandati*.

Another, non eſſendo altro che un compoſto di *an* (articolo ſingolare) e *other*, non ha plurale.

Here, *there*, e *where* congiunti con certe particelle, ſono uſati come relativi e pronomi molto ſomiglianti a' genitivi, e agli ablativi. come *hereof*, *herein*, *herewith*, *thereof*, *therein*, *thereby*, *thereto*, *thereupon*, *whereof*, *whereby*, e altri.

Therefore e *wherefore*, che originalmente erano *there for*, cioè *for that*; e *where for*, cioè *for which*, ſono ora annoverati fra le congiunzioni, e continuano ad eſſere uſati.

Di queſti pronomi compoſti ve n' ha alcuni che gl' Ingleſi cominciano a laſciar andar in diſuſo, come *hitherto*, *whereto*, ed alcuni altri; coſa che pare a me non dovrebbono fare, perchè, oltre allo eſſere analoghi, ſono molto propri e comodi; ma i loro triſti traduttori dal Franceſe, egualmente che que' tanti maladetti noſtri, che tuttodì ſvergognano le ſtampe Veneziane ſpezialmente, vanno allontanandoſi dal vero genio del loro idioma, ed eſſendo letti con avidità degl' ignoranti, che in tutti i paeſi ſono ſempre i più numeroſi, i loro vocabolacci e le loro fraſacche foreſtierate ſi diffondono poi nella converſazione, e da quella paſſano nelle ſcritture anche de' giudizioſi, che ſono sforzati a addottare que' modacci impropri per trovar leggitori; e così le lingue ſi corrompono a poco a poco, e diventano quaſi dialetti d' altre lingue, invece di conſervare l' indole loro natìa; ma così va 'l mondo, non c' è rimedio.

Therefore e *wherefore* ſono entrambi relativi tanto agli antecedenti ſingolari che a' plurali.

Gl' Ingleſi adoprano due altre voci in congiunzione ſolamente co' pronomi, e queſte ſono *own* e *ſelf*.

Own, è congiunto co' pronomi poſſeſſivi tanto nel ſingolare quanto nel plurale, come *my own hand*, *our own houſe*. Queſta voce aggiunge enfaſi, o forza e preciſione al diſcorſo, come *I live in my own houſe*, che eſprime molto più che non ſi diceſſe *I live in my houſe*,

houſe, è così *I did this with my own hand*, è più eſpreſſivo che ſe ſi diceſſe *I did this with my hand*.

Self è congiunto a' pronomi poſſeſſivi, come *myſelf*, *yourſelves*, e talora a' pronomi perſonali, come *himſelf*, *itſelf*, *themſelves*; e non meno che *own* aggiunge enfaſi al diſcorſo e gli ſomminiſtra forza e preciſione, come *I did this myſelf*, molto più enfatico, forte, e preciſo, che non ſe ſi diceſſe ſemplicemente *I did this*. *Selves*, plurale di *ſelf*, forma talora un pronome reciproco, come *we hurt ourſelves by vain rage*.

Himſelf, *itſelf*, *themſelves*, ſuppone un celebre grammatico chiamato *Wallis*, non ſieno altro che voci corrotte da *his ſelf*, *it ſelf*, e *their ſelves*, così che *ſelf* ſia coſtantemente un ſoſtantivo. Queſta oſſervazione pare giuſta, poiché ſi dice *he came himſelf*; *himſelf ſhall do this*; dove *himſelf* non può eſſere accuſativo quantunque *him* lo ſia.

De' VERBI.

I verbi Ingleſ[illegible] *I love*; o neutri, come I [illegible] formano come gli attivi.

Molti verbi [illegible] mano ſovente i [illegible] *coſtume* o *ſtato*. [illegible] ſi forma il verb[illegible] *ſtrike*, ſi form[illegible] come gl' Italia[illegible] il verbo *ſtar* [illegible]

I verbi Ingleſi, [illegible] farragine di te[illegible] non hanno [illegible] nel tempo pr[illegible] plice. Gli altri tempi [illegible] verbi auſiliarj *have*, *ſhall*, *will*, *let*, *may*, *can*, e l' infinito dal verbo attivo e neutro.

La voce paſſiva è formata coll' congiungere il participio preterito col verbo ſoſtantivo; come *I am loved*.

To Have, *Avere*.

INDICATIVO.

Tempo Preſente.

Sing.	I have.	*Io ho.*
	Thou haſt.	*Tu hai.*
	He has.	*Egli ha.*

Oſſerviſi che *has* è corrotto da *hath*, che non s' uſa quaſi più ſe non in chieſa e in coſe eccleſiaſtiche.

Plur.	We have.	*Noi abbiamo.*
	Ye (o *you*) have.	*Voi avete.*
	They have.	*Eglino hanno.*

Preterito ſemplice, che corriſponde altresì ad uno d' noſtri preteriti imperfetti.

Sing.	I had.	*Io aveva*, e anche *io ebbi*.
	Thou hadſt.	*Tu avevi*, e *tu aveſti*.
	He had.	*Egli aveva*, e *egli ebbe*.
Plur.	We had.	*Noi avevamo*, e *Noi ebbimo*.
	Ye had.	*Voi avevate*, e *Voi aveſte*.
	They had.	*Eglino avevano*, e *Eglino ebbero*, o *ebbono*.

Preterito compoſto, che corriſponde altresì ad uno d' noſtri preteriti imperfetti.

Sing.	I have had.	*Io ho avuto*, e anche *io ebbi*.
	Thou haſt had.	*Tu hai avuto*, e *tu aveſti*.
	He has had.	*Egli ha avuto*, e *egli ebbe*.

Plur.

Plur.	We have had.	*Noi abbiamo avuto*, e *noi avemmo.*
	Ye have had.	*Voi avete avuto*, e *voi aveſte.*
	They have had.	*Eglino hanno avuto*, e *eglino ebbero.*

Preterito piu che perfetto, che corriſponde anco a due de' noſtri preteriti imperfetti.

Sing.	I had had.	*Io aveva* ed anche *io avrei* o *ebbi avuto.*
	Thou hadſt had.	*Tu avevi*, e *tu avreſti* o *aveſti avuto.*
	He had had.	*Egli aveva*, e *egli avrebbe* o *ebbe avuto.*
Plur.	We had had.	*Noi avevamo*, e *noi avremmo* o *ebbimo avuto.*
	Ye had had.	*Voi aveviate*, e *voi avreſte* o *aveſte avuto.*
	They had had.	*Eglino avevano*, e *eglino avrebbero* o *ebbero avuto.*

Futuro.

Sing.	I ſhall have.	*Io avrò.*
	Thou ſhalt have.	*Tu avrai.*
	He ſhall have.	*Egli avrà.*
Plur.	We ſhall have.	*Noi avremo.*
	Ye ſhall have.	*Voi avrete.*
	They ſhall have.	*Eglino avranno.*

Secondo Futuro, o *Futuro Poſitivo.*

Sing.	I will have.	*Io avrò, io voglio*, e *io voglio avere.*
	Thou wilt have.	*Tu avrai, tu vuoi*, e *tu vuoi avere.*
	He will have.	*Egli avrà, egli vuole*, e *egli vuole avere.*
Plur.	We will have.	*Noi avremo, noi vogliamo*, e *noi vogliamo avere.*
	Ye will have.	*Voi avrete, voi volete*, e *voi volete avere.*
	They will have.	*Eglino avranno, eglino vogliono*, e *eglino vogliono avere.*

IMPERATIVO.

Sing.	Have, *or* have thou.	*Abbi*, e *abbi tu.*
	Let him have.	*Abbia* e *abbia egli.*
Plur.	Let us have, *or* have we.	*Abbiamo noi*, e *abbiamo.*
	Have ye.	*Abbiate*, e *abbiate voi.*
	Let them have.	*Abbiano*, e *abbiano eglino.*

CONGIUNTIVO.

Preſente.

Sing.	I have.	*Io abbai.*
	Thou haſt.	*Tu abbia.*
	He hath.	*Egli abbia*
Plur.	We have.	*Noi abbiamo.*
	Ye have.	*Voi abbiate.*
	They have.	*Eglino abbiano.*

Il *Preterito ſemplice* è come quello dell' Indicativo.

Preterito compoſto.

Sing.	I have had.	*Io abbia avuto.*
	Thou haſt had.	*Tu abbia avuto.*
	He hath had.	*Egli abbia avuto.*
Plur.	We have had.	*Noi abbiamo avuto.*
	Ye have had.	*Voi abbiate avuto.*
	They have had.	*Eglino abbiano avuto.*

Il *Primo Futuro ſemplice* è *I ſhall have*, come il Futuro dell' *Indicativo*, che in Italiano ſi cónjuga *avrò, avrai*, &c.

Il ſecondo *Futuro ſemplice* è altresì come [illegible] *avrò*, o *io voglio avere*.

Sing. I ſha[illegible]
Thou [illegible]
He [illegible]
Plur. We [illegible]
Ye [illegible]
They [illegible]

Gl' Ingleſi hanno il ſeguente mod[illegible] che chiamano POTENZIALE, [illegible] ajuto de' verbi *may* e *can* nel preſente, [illegible] *could* nel preterito imperfetto del verbo; e queſto verbo non ha pr[illegible]

Sing. I [illegible] *Io poſſo avere.*
T[illegible] *Tu puoi avere.*
He may have. *Egli può avere.*
Plur. We may have. *Noi poſſiamo avere.*
Ye may have. *Voi potete avere.*
They may have. *Eglino poſſono avere.*

Preterito.

Sing. I might have. *Io potei*, or *potetti avere.*
Thou mightſt have. *Tu poteſti avere.*
He might have. *Egli potè*, or *potette avere.*
Plur. We might have. *Noi potemmo avere.*
Ye might have. *Voi poteſte avere.*
They might have. *Eglino potevano avere.*

Preterito imperfetto.

Sing. I could have. *Io poteva* e *potei avere.*
Thou couldſt have. *Tu potevi* e *poteſti avere.*
He could have. *Egli poteva* e *potè avere.*
Plur. We could have. *Noi potevamo* e *potemmo avere.*
Ye could have. *Voi potevate* e *poteſte avere.*
They could have. *Egli potevano* e *poterono avere.*

Il ſeguente Tempo pizzica del *Futuro*, quantunque alcuni Grammatici Ingleſi lo chiamino *Preterito* o *Preterito imperfetto*.

Sing. I ſhould have. *Io dovrei avere.*
Thou ſhouldſt have. *Tu dovreſti avere.*
He ſhould have. *Egli dovrebbe avere.*
Plur. We ſhould have. *Noi dovremmo avere.*
Ye ſhould have. *Voi dovreſte avere.*
They ſhould have. *Eglino dovrebbero avere.*

Preterito

Preterito Compoſto.

Sing.	I could have had.	*Io poteva, o avrei potuto avere.*
	Thou couldſt have had.	*Tu potevi, o avreſti potuto avere.*
	He could have had.	*Egli poteva, o avrebbe potuto aver .*
Plur.	We could have had.	*Noi potevamo, o avremmo potuto avere.*
	Ye could have had.	*Voi potevate, o avreſte potuto avere.*
	They could have had.	*Eglino potevano, o avrebbero potuto avere,*

Preterito Compoſto.

Sing.	I ſhould have had.	*Io avrei dovuto avere.*
	Thou ſhouldſt have had.	*Tu avreſti dovuto avere.*
	He ſhould have had.	*Egli avrebbe dovuto avere.*
Plur.	We ſhould have had.	*Noi avremmo dovuto avere.*
	Ye ſhould have had.	*Voi avreſte dovuto avere.*
	They ſhould have had.	*Eglino avrebbero dovuto avere.*

Nel medeſimo modo ſi uſa *might*. I might have had, *io avrei potuto avere*, thou mightſt have had, *tu avreſti potuto avere*, he might, *&c.*

I N F I N I T O.

Preſente, To have, *Avere.*
Preterito, To have had, *Aver avuto.*
Participio preſente, Having, *Che ha; avendo.*
Participio preterito, Had, *Avuto.*

Gl' Ingleſi accoppiano anche *ought*, che è verbo imperfetto, al infinito del verbo auſiliario *to have*, egualmente che a molt' altri verbi attivi e neutri.

Preſente, o Futuro.

Sing.	I ought to have.	*Io dovrei avere.*
	Thou oughtſt to have.	*Tu dovreſti avere.*
	He ought to have.	*Egli dovrebbe avere.*
Plur.	We ought to have.	*Noi dovremmo avere.*
	Ye ought to have.	*Voi dovreſte avere.*
	They ought to have.	*Eglino dovrebbero avere.*

Preterito.

Sing.	I ought to have had.	*Io avrei dovuto avere, o io doveva aver avuto.*
	Thou oughtſt to have had.	*Tu avreſti dovuto avere, o tu dovevi aver avuto.*
	He ought to have had.	*Egli avrebbe dovuto avere, o egli doveva aver avuto.*
Plur.	We ought to have had.	*Noi avremmo dovuto avere, o noi dovevamo aver avuto*
	Ye ought to have had,	*Voi avreſte dovuto avere, o voi dovevate aver avuto.*
	They ought to have had.	*Eglino avrebbero dovuto avere, o eglino dovevano aver avuto*

Noti però lo ſtudente Italiano, che i Grammatici Ingleſi non mettono quì queſto modo del verbo *to have* coll' auſiliario imperfetto *ought* come ho fatt' io, che eſſi lo conſiderano per quel che io poſſo ſupporre come non appartenente a queſta parte della grammatica. Io però ho giudicato proprio accennarlo quì per contribuire allo ſpianamento di quelle difficoltà che i miei Paeſani poſſono incontrare nello ſtudio di queſta Lingua, e che ho incon-

trate io quando m' accinſi ad impararla; onde i ſignori Ingleſi avrebbono il torto ſe mi biaſimaſſero d' aver meſſa la falce in un campo in cui eſſi non la mettono, che io l' ho fatto a fin di bene, e non per diſapprovare il metodo altrui.

ESEMPIO DE' VERBI

To LOVE, *Amare*

INDICATIVO

Tempo Preſente.

Sing.	I love.	*Io amo.*
	Thou loveſt.	*Tu ami*
	He loves.	*Egli ama*

Anticamente ſcrivevano *loveth*, in vece di *loves*, come diſſi parlando della terza perſona ſingolare del preſente dell' indicativo di *to have*. Ora quella terminazione in *th* tanto in proſa che in verſo in tutti i verbi ha dato luogo all[illegible] modo in *s*, [illegible] taggio [illegible] lingua Ingleſe, [illegible] ta un' [illegible] que' dol[illegible]

Plur.	We love.	*Noi amiamo.*
	Ye love.	*Voi amate.*
	They love.	*Eglino amano.*

Preterito ſimplice, che corriſponde anche a uno de' noſtri preteriti imperfetti.

Sing.	I loved.	*Io amava*, e anche	*Io amai.*
	Thou lovedſt.	*Tu amavi*, e	*Tu amaſti.*
	He loved.	*Egli amava*, e	*Egli amò.*
Plur.	We loved.	*Noi amavamo*, e	*Noi amammo.*
	Ye loved.	*Voi amavate*, e	*Voi amaſte.*
	They loved.	*Eglino amavano*, e	*Eglino amarono.*

Preterito compoſto, che corriſponde altresì ad uno de' noſtri preteriti imperfetti.

Sing.	I have loved.	*Io ho amato*, e anche	*Io amai.*
	Thou haſt loved.	*Tu hai amato*, e	*Tu amaſti.*
	He has loved.	*Egli ha amato*, e	*Egli amò*
Plur.	We have loved.	*Noi abbiamo amato*, e	*Noi amammo.*
	Ye have loved.	*Voi avete amato*, e	*Voi amaſte.*
	They have loved.	*Eglino hanno amato*, e	*Eglino amarono.*

Preterito più che perfetto, che corriſponde anco a due de' noſtri preteriti imperfetti.

Sing.	I had loved.	*Io aveva*, ed anche	*Io avrei*, o *Io ebbi avuto.*
	Thou hadſt loved.	*Tu avevi*, e	*Tu avreſti*, o *Tu aveſti avuto.*
	He had loved.	*Egli aveva*, e	*Egli avrebbe*, o *Egli ebbe avuto.*
	We had loved.	*Noi avevamo*, e	*Noi avremmo*, o *Noi ebbamo avuto.*
	Ye had loved.	*Voi avevate*, e	*Voi avreſte*, o *Voi aveſte avuto.*
	They had loved.	*Eglino avevano*, e	*Eglino avrebbero*, o *Egli ebbero avuto.*

Futuro.

Futuro.

Sing.	I ſhall love.	*Io amerò.*
	Thou ſhalt love.	*Tu amerai.*
	He ſhall love.	*Egli amerà.*
Plur.	We ſhall love.	*Noi ameremo.*
	Ye ſhall love.	*Voi amerete.*
	They ſhall love.	*Eglino ameranno.*

Secondo Futuro.

Sing.	I will love.	*Io amerò*, o *io voglio amare.*
	Thou wilt love.	*Tu amerai*, o *tu vuoi amare.*
	He will love.	*Egli amerà*, o *egli vuole amare.*
Plur.	We will love.	*Noi ameremo*, o *noi vogliamo amare.*
	Ye will love.	*Voi amerete*, o *voi volete amare.*
	They will love.	*Eglino ameranno*, o *eglino vogliono amare.*

IMPERATIVO.

Sing.	Love, love thou.	*Ama*, o *ama tu.*
	Let him love.	*Ami*, o *ami egli.*
Plur.	Love, let us love.	*Amiamo*, o *amiamo noi.*
	Love ye.	*Amate.* o *amate voi.*
	Let them love.	*Amino*, o *amino eglino.*

CONGIUNTIVO.

Preſente.

Sing.	I love.	*Io ami.*
	Thou love.	*Tu ami.*
	He love.	*Quello ami.*
Plur.	We love.	*Noi amiamo.*
	Ye love.	*Voi amiate.*
	They love.	*Eglino amino.*

Il *Preterito ſemplice* è come quello dell' Indicativo, *I loved*, che in Italiano ſi cónjuga *amai*, *amaſti*, &c.

Preterito Compoſto.

Sing.	I have loved.	*Io abbia amato.*
	Thou haſt loved.	*Tu abbia amato.*
	He hath or has loved.	*Egli abbia amato.*
Plur.	We have loved.	*Noi abbiamo amato.*
	Ye have loved.	*Voi abbiate amato.*
	They have loved.	*Eglino abbiano amato.*

Il Primo *Futuro ſemplice* è come quello dell' *Indicativo, I ſhall love, io amerò.*

Il Secondo *Futuro ſemplice* è altresì come quello dell' *Indicativo, I will love, io amer voglio amare.*

Futuro Compoſto.

Sing.	I ſhall have loved.	*Io avrò amato.*
	Thou ſhalt have loved.	*Tu avrai amato.*
	He ſhall have loved.	*Egli avrà amato.*
Plur.	We ſhall have loved.	*Noi avremo amato.*
	Ye ſhall have loved.	*Voi avrete amato.*
	They ſhall have loved.	*Eglino avranno amato.*

POTENZIALE.

Queſto verbo propriamente non ha che il modo *Indicativo.*

Preſente.

Che pizzica un pochino di Futuro.

Sing.	I may love.	*Io poſſo amare.*
	Thou mayſt love.	*Tu puoi amare.*
	He may love.	*Egli può amare.*
Plur.	We may love.	*Noi poſſiamo amare.*
	Ye may love.	*Voi potete amare.*
	They may love.	*Eglino poſſono amare.*

Dico che queſto verbo pizzica talora del *Futuro,* come verbigrazia in queſto caſo: *ſhe is good, and* I MAY *perhaps* LOVE *her;* e in queſt' altro. *Will you love him? I don't know but I may;* cioè I MAY LOVE *him.*

Preterito.

Sing.	I might love.	*Io potrei amare,* o *io amerei.*
	Thou mightſt love.	*Tu proteſti amare,* o *tu amereſti.*
	He might love.	*Egli potrebbe amare,* o *egli amerebbe.*
Plur.	We might love.	*Noi potremmo amare,* o *noi ameremmo.*
	Ye might love.	*Voi potreſte amare,* o *voi amereſte.*
	They might love.	*Eglino potrebbero amare,* o *eglino amerebbero.*

Preſente.

Sing.	I can love.	*Io poſſo amare.*
	Thou canſt love.	*Tu poi amare.*
	He can love.	*Egli può amare.*
Plur.	We can love.	*Noi poſſiamo amare.*
	Ye can love.	*Voi potete amare.*
	They can love.	*Eglino poſſono amare.*

Preterito.

Sing.	I could love.	*Io poteva,* e *potetti amare.*
	Thou couldſt love.	*Tu potevi,* e *poteſti amare.*
	He could love.	*Egli poteva,* e *potè amare.*

Plur.

Plur.	We could love.	*Noi potevamo*, e *potemmo amare.*
	Ye could love.	*Voi potevate*, e *poteſte amare.*
	They could love.	*Eglino potevano*, e *poterono*, o *potettero amare.*

Il ſeguente tempo ha un poco del *Futuro*, quantunque alcuni Grammatici Ingleſi lo chiamino *Preterito* o *Preterito Imperfetto.*

Sing.	I ſhould love.	*Io dovrei amare.*
	Thou ſhouldſt love.	*Tu dovreſti amare.*
	He ſhould love.	*Egli dovrebbe amare.*
Plur.	We ſhould love.	*Noi dovremmo amare.*
	Ye ſhould love.	*Voi dovreſte amare.*
	They ſhould love.	*Eglino dovrebbero amare.*

Preterito Compoſto.

Sing.	I could have loved.	*Io poteva*, o *avrei potuto amare.*
	Thou couldſt have loved.	*Tu potevi*, o *avreſti potuto amare.*
	He could have loved.	*Egli poteva*, o *avrebbe potuto amare.*
Plur.	We could have loved.	*Noi potevamo*, o *avremmo potuto amare.*
	Ye could have loved.	*Voi potevate*, o *avreſte potuto amare.*
	They could have loved.	*Eglino potevano*, o *avrebbero potuto amare.*

Preterito Compoſto.

Sing.	I ſhould have loved.	*Io avrei dovuto amare.*
	Thou ſhouldſt have loved.	*Tu avreſti dovuto amare.*
	He ſhould have loved.	*Egli avrebbe dovuto amare.*
Plur.	We ſhould have loved,	*Noi avremmo dovuto amare.*
	Ye ſhould have loved.	*Voi avreſte dovuto amare.*
	They ſhould have loved.	*Eglino avrebbero dovuto amare.*

Nel medeſimo modo ſi uſa *might.* I might have loved, *Io avrei potuto amare*; Thou mightſt have loved, *tu avreſti potuto amare*, he might, *&c.*

I N F I N I T O.

Preſente:	To love.	*Amare.*
Preterito.	To have loved.	*Aver amato.*
Participio Preſente.	Loving.	*Che ama, amando, amante.*
Participio Preterito.	Loved.	*Amato.*

Metterò anche quì l' *Infinito* accoppiato col verbo imperfetto *ought*, per dare un idea della maniera con cui gl' Ingleſi l' uſano.

I N D I C A T I V O.

Sing.	I ought to love.	*Io dovrei amare.*
	Thou oughtſt to love.	*Tu dovreſti amare.*
	He ought to love.	*Egli dovrebbe amare.*

Plur.	We ought to love.	*Noi dovremmo amare.*
	Ye ought to love.	*Voi dovreſte amare.*
	They ought to love.	*Eglino dovrebbero amare.*

Preterito.

Sing.	I ought to have loved.	*Io avrei dovuto amare,* o *io doveva aver amato.*
	Thou oughtſt to have loved.	*Tu avreſti dovuto amare,* o *tu dovevi aver amato.*
	He ought to have loved.	*Egli avrebbe dovuto amare,* o *egli doveva aver amato.*
Plur.	We ought to have loved.	*Noi avremmo dovuto amare,* o *noi dovevamo aver amato.*
	Ye ought to have loved.	*Voi avreſte dovuto amare,* o *voi dovevate aver amato.*
	They ought to have loved.	*Eglino avrebbero dovuto amare,* o *eglino dovevano aver amato.*

Vedaſi quello che ho detto dopo la conjugazione del verbo, *to have*, a propoſito di *ought*.

Il paſſivo è formato dall' unione del *participio preterito*, *loved*, co' tempi del verbo ausiliario TO BE, *eſſere*, perciò lo metterò quì.

INDICATIVO.

Sing.	I am.	*Io ſono.*
	Thou art.	*Tu ſei.*
	He is.	*Egli è.*
Plur.	We are.	*Noi ſiamo.*
	Ye are.	*Voi ſiete.*
	They are.	*Eglino ſono.*

In vece di, *we are, ye are, they are*, dicevaſi anticamente, *we be, ye be, they be.* Ora *be* è affatto fuor d' uſo in queſto caſo, e chi l' adopera è conſiderato come ſcorretto.

Preterito.

Sing.	I was.	*Io era,* o *io fui.*
	Thou waſt, *or* wert.	*Tu eri,* o *tu foſti.*
	He was.	*Egli era,* o *egli fu.*
Plur.	We were.	*Noi eravamo,* o *noi fummo.*
	Ye were.	*Voi eravate,* o *voi foſte.*
	They were.	*Eglino erano,* o *eglino furono.*

Alcuni ſcorrettamente parlando o ſcrivendo dicono, *I were*, invece di, *I was. Wert*, è anche da ſuggerſi nell' *indicativo*, appartenendo propriamente al *ſoggiuntivo.*

Preterito Compoſto.

Sing.	I have been.	*Io ſono ſtato,*
	Thou haſt been.	*Tu ſei ſtato.*
	He has been.	*Egli è ſtato.*
Plur.	We have been.	*Noi ſiamo ſtati.*
	Ye have been.	*Voi ſiete ſtati.*
	They have been.	*Eglino ſono ſtati.*

Preterito più che perfetto.

Sing.	I had been.	*Io ſarei ſtato.*
	Thou hadſt been.	*Tu ſareſti ſtato.*
	He had been.	*Egli ſarebbe ſtato.*
Plur.	We had been.	*Noi ſaremmo ſtati.*
	Ye had been.	*Voi ſareſte ſtati.*
	They had been.	*Eglino ſarebbero ſtati.*

Futuro.

Sing.	I ſhall be.	*Io ſarò.*
	Thou ſhalt be.	*Tu ſarai.*
	He ſhall be.	*Egli ſarà.*
Plur.	We ſhall be.	*Noi ſaremo.*
	Ye ſhall be.	*Voi ſarete.*
	They ſhall be.	*Eglino ſaranno.*

Futuro Poſitivo.

Sing.	I will be.	*Io ſarò, o io voglio eſſere.*
	Thou wilt be.	*Tu ſarai, o tu vuoi eſſere.*
	He will be.	*Egli ſarà, o egli vuol eſſere.*
Plur.	We will be.	*Noi ſaremo, o noi vogliamo eſſere.*
	Ye will be.	*Voi ſarete, o voi volete eſſere.*
	They will be.	*Eglino ſaranno, o eglino vogliono eſſere.*

IMPERATIVO.

Sing.	Be thou.	*Sia, o ſia tu.*
	Let him be.	*Sia, o ſia egli.*
Plur.	Let us be.	*Siamo, o ſiamo noi.*
	Be ye.	*Siate, o ſiate voi.*
	Let them be.	*Sieno, o ſieno eglino.*

CONGIUNTIVO.

Preſente.

Sing.	I be.	*Io ſia.*
	Thou beeſt.	*Tu ſia.*
	He be.	*Egli ſia.*
Plur.	We be.	*Noi ſiamo.*
	You be.	*Voi ſiate.*
	They be.	*Eglino ſieno.*

Preterito.

Preterito.

Sing.	I were.	*Io foſſi.*
	Thou wert.	*Tu foſſi.*
	He were.	*Egli foſſe.*
Plur.	We were.	*Noi foſſimo.*
	Ye were.	*Voi foſte.*
	They were.	*Eglino foſſero.*

Ho detto che alcuni ſcorrettamente uſano *were*, in vece di *was*, nella *prima perſona* d *indicativo preterito.* E quì dirò che altri ſcorrettamente pure uſano *was*, in vece di *were*, nella *prima perſona* del *congiuntivo preterito.*

Preterito Compoſto.

Sing.	I have been.	*Io ſia ſtato*, o *ſi ſtato.*
	Thou haſt been.	*Tu ſia ſtato*, o *ſi ſtato.*
	He hath, *or* has been.	*Egli ſia ſtato*, o *ſi ſtato.*
Plur.	We have been.	*Noi ſiamo ſtati*, o *noi ſiamo ſtati.*
	Ye have been.	*Voi ſiate ſtati*, o *voi ſoſte ſtati.*
	They have been.	*Eglino ſieno ſtati*, o *eglino foſſero ſtati.*

Futuro.

Sing.	I ſhall have been.	*Io ſarò ſtato.*
	Thou ſhalt have been.	*Tu ſarai ſtato.*
	He ſhall have been.	*Egli ſarà ſtato.*
Plur.	We ſhall have been.	*Noi ſaremo ſtati.*
	Ye ſhall have been.	*Voi ſarete ſtati.*
	They ſhall have been.	*Eglino ſaranno ſtati.*

POTENZIALE.

Preterito.

Sing.	I may, *or* can have been.	*Io poſſo eſſere ſtato.*
	Thou mayſt, *or* canſt have been.	*Tu puoi eſſere ſtato.*
	He may, *or* can have been.	*Egli può eſſere ſtato.*
Plur.	We may, *or* can have been.	*Noi poſſiamo eſſere ſtati.*
	Ye may, *or* can have been.	*Voi potete eſſere ſtati.*
	They may, *or* can have been.	*Eglino poſſono eſſere ſtati.*

Can, in queſto modo e tempo, non mi pare ſia tanto frequentemente uſato e nello ſcrivere e nel converſare quanto *may.*

I ſeguenti ſono tempi indeterminati che talora pajono preſenti, talora preteriti, e talora anche futuri.

Sing.	I would be.	*Io vorrei eſſere*, o *io farei.*
	Thou wouldſt be.	*Tu vorreſti eſſere*, o *tu fareſti.*
	He would be.	*Egli vorrebbe eſſere*, o *egli farebbe.*

Plur.

Plur.	We would be.	*Noi vorremmo eſſere, o noi ſaremmo.*
	Ye would be.	*Voi vorreſte eſſere, o voi ſareſte.*
	They would be.	*Eglino vorrebbero eſſere, o eglino ſarebbero.*
Sing.	I could be.	*Io potrei eſſere.*
	Thou couldſt be.	*Tu potreſti eſſere.*
	He could be.	*Egli potrebbe eſſere.*
Plur.	We could be.	*Noi potremmo eſſere.*
	Ye could be.	*Voi potreſte eſſere.*
	They could be.	*Eglino potrebbero eſſere.*
Sing.	I might be.	*Io potrei eſſere.*
	Thou mightſt be.	*Tu potreſti eſſere.*
	He might be.	*Egli potrebbe eſſere.*
Plur.	We might be.	*Noi potremmo eſſere.*
	Ye might be.	*Voi potreſte eſſere.*
	They might be.	*Eglino potrebbero eſſere.*
Sing.	I ſhould be.	*Io ſarei, o io dovrei eſſere.*
	Thou ſhouldſt be.	*Tu ſareſti, o tu dovreſti eſſere.*
	He ſhould be.	*Egli ſarebbe, o egli dovrebbe eſſere.*
Plur.	We ſhould be.	*Noi ſaremmo, o noi dovremmo eſſere.*
	Ye ſhould be.	*Voi ſareſte, o voi dovreſte eſſere.*
	They ſhould be.	*Eglino ſarebbero, o eglino dovrebbero eſſere.*

Preterito Compoſto.

Sing.	I would have been.	*Io vorrei eſſere ſtato, o io ſarei ſtato.*
	Thou wouldſt have been.	*Tu vorreſti eſſere ſtato, o tu ſareſti ſtato.*
	He would have been.	*Egli vorrebbe eſſere ſtato, o egli ſarebbe ſtato.*
Plur.	We would have been.	*Noi vorremmo eſſere ſtati, o noi ſaremmo ſtati.*
	Ye would have been.	*Voi voreſte eſſere ſtati, o voi ſareſte ſtati.*
	They would have been.	*Eglino vorrebbero eſſere ſtati, o eglino ſarebbero ſtati.*
Sing.	I might have been.	*Io potrei eſſere ſtato.*
	Thou mightſt have been.	*Tu potreſti eſſere ſtato.*
	He might have been.	*Egli potrebbe eſſere ſtato.*
Plur.	We might have been.	*Noi potremmo eſſere ſtati.*
	Ye might have been.	*Voi potreſte eſſere ſtati.*
	They might have been.	*Eglino potrebbero eſſere ſtati.*
Sing.	I could have been.	*Io poteva eſſere ſtato.*
	Thou couldſt have been.	*Tu potevi eſſere ſtato.*
	He could have been.	*Egli poteva eſſere ſtato.*
Plur.	We could have been.	*Noi potevamo eſſere ſtati.*
	Ye could have been.	*Voi potevate eſſere ſtati.*
	They could have been.	*Eglino potevano eſſere ſtati.*

I due ſopraſcritti verbi mi pare che, tanto nel diſcorſo quanto in iſcritto, ſieno promiſcuamente uſati l'un per l'altro anche da' dotti Ingleſi.

Sing.	I ſhould have been.	*Io avrei dovuto eſſere.*
	Thou ſhouldſt have been.	*Tu avreſti dovuto eſſere.*
	He ſhould have been.	*Egli avrebbe dovuto eſſere.*

Plur.

Plur.	We ſhould have been.	*Noi avremmo dovuto eſ*
	Ye ſhould have been.	*Voi avreſte dovuto eſſer*
	They ſhould have been.	*Eglino avrebbero dovuto e*

I N F I N I T O.

Preſente.	To be.	*Eſſere.*
Preterito.	To have been.	*Eſſere ſtato.*
Participio preſente.	Being.	*Eſſendo.*
Participio preterito.	Having been.	*Eſſendo ſtato.*

TO BE LOVED.

VERBO PASSIVO.

I N D I C A T

I am loved, *io ſono amato*, &c. I was loved, *io era amato*, o *io fui amato*, I have been loved, *io ſono ſtato amato*, &c.

C O N G I U N T I V O.

If I be loved, *ſe io ſono amato*, &c. If I were loved, *ſe io foſſi amato*, o *ſe io era amato*, If I ſhall have been loved, *ſe io ſarò ſtato amato*, &c.

P O T E N Z I A L E.

I may, *o* I can be loved.	*Io poſſo eſſere amato*, &c.
I might, *o* I could be loved.	*Io potrei eſſere amato*, &c.
I ſhould be loved.	*Io dovrei eſſere amato*, &c.
I might, *o* could have been loved.	*Io potrei eſſere ſtato amato*, o *io poteva eſſere ſtato amato*, &c.
I ſhould have been loved.	*Io avrei dovuto eſſere amato*, &c.

I N F I N I T O.

Preſente.	To be loved.	*Eſſere amato.*
Preterito.	To have been loved.	*Eſſere ſtato amato.*
Participio.	Loved.	*Amato.*

Una delle prime difficoltà, anzi la bella e prima in cui un Italiano, totalmente ignorante della lingua Ingleſe, incappa entrando in Inghilterra, è l' ordinario ſaluto interrogatorio di *how do ye do?* che italianamente diciamo *come ſtate voi?* e che a tradurlo ſignificherebbe *che fate voi?* Ed è molto di rado che uno trovi chi glielo ſpieghi chiaramente, cioè che gli dica come il primo *do* diriva dal verbo *to do*, che ſignifica *fare*, e come il ſecondo *do* viene dal verbo ſteſſo, quando

contrario, ed hanno entrambi ragione, ſeguendo ciaſcuno la natura della ſua favella.

Miſto col decaſillabo rimato gl' Ingleſi uſano un verſo di dodici ſillabe, da eſſi e da' Franceſi chiamato *Aleſſandrino*. Di tal verſo le più forti pauſe cadono ſulla ſeſta e ſulla duodecima ſillaba; e ſerve loro per lo più a introdurre un poco di varietà ne' loro poemi di ſtile eroico, e a chiudere ſtrepitoſamente un penſiero.

Waller was ſmooth; but Dryden taught to join
The varying verſe, the full-reſounding line,
The long majeſtic march and energy divine.

Gli antichi poeti componevano de' pezzi interi di poeſia in queſta ſorte di verſi aleſſandrini, ſenza però badare a quell' * alternamento di diſtici maſcolini e femminini che i Franceſi ſempre adoperano nel loro verſeggiare. Ecco un ſaggio di tali aleſſandrini Ingleſi tratto dalle rime di Drayton, che fiorì nel tempo della Regina Eliſabetta.

Of all the Cambrian ſhires their heads that bear
ſo high,
And farth'ſt ſurvey their ſoils with an ambitious
eye,
Mervinia for her hills as for their matchleſs
crowds,
The neareſt that are ſaid to kiſs the wandering
clouds,
Eſpecial audience crave, offended with the throng,
That ſhe of all the reſt neglected was ſo long;
Alledging for herſelf, when through the Saxons
pride,
The godlike race of Brute to Severn's ſetting ſide,
Were cruelly inforc'd her mountains did relieve,
Theſe whom devouring war elſe every where did
grieve,
And when all Wales beſide (by fortune or by
might)
Unto her ancient foe reſigned her ancient right,
A conſtant maiden ſtill ſhe only did remain,
The laſt her genuine laws which ſtoutly did re-
tain;
And as each one is prais'd for her peculiar things,
So only ſhe is rich in mountains, meres, and
ſprings,
And holds herſelf as great in her ſuperfluous
waſte,
As others by their towns and fruitful tillage
grac'd.

Un' altra miſura di dodecaſillabi molto preſta e vivace uſano gl' Ingleſi per lo più in canzonette e in brevi componimenti d' allegrezza. Tal miſura, quando è perfetta, ha gli accenti che cadono ſur' ogni terza ſillaba, come in queſti due.

May I govern my paſſions with abſolute ſway,
And grow wiſer and better as life wears away.

Talora la prima ſillaba di tal dodecaſillabo manca ſenza ingiuria grande di tal verſo, come

I think not of Iris, nor Iris of me.

Di preſta e vivace miſura ſono pure certi verſi di nove e di otto ſillabe.

When terrible tempeſts aſſail us,
And mountainous billows affright,
No power nor wealth can avail us,
But ſkilful induſtry ſteers right.

* Il verſo Franceſe Eroico conſiſte di dodici ſillabe, e chiamaſi aleſſandrino da un certo Aleſſandro che vogliono foſſe il primo a ſervirſene con lode: comechè altri dicano che tal verſo ebbe tal nome da un Poema Eroico intitolato *Aleſſandro* ſcritto in queſta maniera di verſi. Quando in Franceſe tal verſo finiſce con alcuna lettera che non ſia *e muta* chiamaſi *maſcolino*, e quando finiſce con *e muta* chiamaſi *femminino*; come in queſti.

L' aigle fière et rapide aux ailes étendues
Suit l' objet de ſa flamme élancée dans les nues;
Dans l'ombre des vallons le taureau bondiſſant
Cherche en paix ſa geniſſe et l' aime en mugiſſant;
Au retour du printems la douce philoméle
Attendrit par ſes chants ſa compagne fidéle;
Et du ſein du buiſſon le moucheron léger,
Se mêle en bourdonnant aux inſectes de l' air:
De ſon être content, qui d' entr' eux s' inquiéte
S' il eſt quelqu' autre eſpéce ou plus ou moins parfaite?
Et qu' importe à mon ſort, à mes plaiſirs préſens,
Qu' il ſoit d' autres heureux, qu' il ſoit des biens plus grands?

La prima, terza, e quinta coppia di queſti verſi ſono *femminine*, e conſiſtono anzi di tredici che di dodici ſillabe, perchè l' *e muta* con cui terminano, aggiunge loro una ſillaba imperfetta; e la ſeconda, la quarta, e la ſeſta coppia conſiſtono di dodici ſillabe ſolamente, perchè non hanno *e muta*; e chiamanſi *maſcoline*. Se un Poeta Franceſe non alternaſſe coſtantemente i ſuoi aleſſandrini in queſto modo, commetterebbe un errore maſſiccio, e neſſun orecchio buono ne potrebbe ſopportare la lettura.

Queſti

Queſti ſono d' otto ſillabe, uſati ſovente in brevi poemi.

And may at laſt my weary age
Find out the peaceful hermitage,
The hairy gown, and moſſy cell,
Where I may ſit, and nightly ſpell
Of ev'ry ſtar the ſky does ſhew,
And ev'ry herb that ſips the dew.

Queſti ſono di otto accompagnati da altri di ſei, uſati in componimenti brevi e di molto piacevol ſuono.

When all ſhall praiſe and ev'ry lay
Devote a wreath to thee,
That day, for come it will, that day
Shall I lament to ſee.

Queſti ſono di ſette, e mi pajono avere una poca di pauſa ſulla prima ſillaba, oltre alle due determinate ſulla quinta e ſulla ſettima.

Faireſt piece of well-form'd earth.
Urge not thus your haughty birth.

Ogni ſecondo de' ſeguenti è di ſei ſillabe, e anche ogni primo ſi puo' conſiderare come di ſei, non eſſendo allungato che da uno aggiungimento di una ſillaba ozioſa, che qui ha il medeſimo effetto di quella additata quando ſi parlò del decaſillabo fatto diventare endecaſillabo.

'Twas when the ſeas were roaring
With hollow blaſt of wind,
A damſel lay deploring
All on a rock reclined.

I moderni Ingleſi non uſano troppo di far verſi più corti di que' di ſei ſillabe, come troppo frivoli ed incapaci di molte bellezze poetiche; pure ecco un eſempio di cinque-ſillabi:

In the days of ol
Stories plainly t
Lovers felt

E di tré ſole.

Here we m
Think and
Before death
Stops our breath:
Others joys
Are but toys.

Chi ſi voleſſe diffondere
mo potrebbe dire di alcuni
da per ſe, o interpolati, adop
e far parola d' un verſo di
ſcritto da un Chapman che
e ſciorinare cento mila al
queſta ſorte; ma ſiccome i
modo impoſſibile che un Ital
tanta padronanza di tal lingua da poter in eſſa
verſeggiare a ſuo beneplacito, porrò fine a
queſta proſodia, domandando anzi perdono
al leggitore d' eſſermi eſteſo tanto in queſta
parte della grammatica Ingleſe, da cui non
uno in mille de' miei paeſani trarrà vantaggio.

quando è adoperato in modo ausiliario; del qual verbo *do*, ausiliariamente adoperato, noi Italiani non facciamo uso, e non passiamo quasimente aver idea se non impariamo l'Inglese. Questo verbo TO DO, o vuoi colla significazione di *fare*, o con la ausiliaria, che non serve ad altro che ad aggiungere energia, si cónjuga così.

INDICATIVO.

Presente.

Sing.	I do.	*Io faccio.*
	Thou doest.	*Tu fai.*
	He does.	*Egli fa.*
Plur.	We do.	*Noi faciamo.*
	Ye do.	*Voi fate.*
	They do.	*Eglino fanno.*

Preterito.

Sing.	I did.	*Io feci.*
	Thou didst.	*Tu facesti.*
	He did.	*Egli fece.*
Plur.	We did.	*Noi facemmo.*
	Ye did.	*Voi faceste.*
	They did.	*Eglino fecero.*

Cotesto preterito è anche usato dagl' Inglesi promiscuamente col preterito composto o perfetto.

Preterito imperfetto.

Sing.	I had done.	*Io aveva fatto,* o *io avrei fatto.*
	Thou hadst done.	*Tu avevi fatto,* o *tu avresti fatto,*
	He had done.	*Egli aveva fatto,* o *egli avrebbe fatto.*
Plur.	We had done.	*Noi avevamo fatto,* o *noi avremmo fatto.*
	Ye had done.	*Voi avevate fatto,* o *voi avreste fatto.*
	They had done.	*Eglino avevano fatto,* o *eglino avrebbero fatto.*

Preterito Composto Perfetto.

Sing.	I have done.	*Io ho fatto.*
	Thou hast done.	*Tu hai fatto.*
	He has done.	*Egli ha fatto.*
Plur.	We have done.	*Noi abbiamo fatto.*
	Ye have done.	*Voi avete fatto.*
	They have done.	*Eglino hanno fatto.*

Futuro.

Sing.	I will do.	*Io farò.*
	Thou wilt do.	*Tu farai.*
	He will do.	*Egli farà.*
Plur.	We will do.	*Noi faremo.*
	Ye will do.	*Voi farete.*
	They will do.	*Eglino faranno.*

Altro *Futuro*, che indica ſovente più riſolutezza d'intenzione che non il futuro antecedente, come chi diceſſe, *io farò ſenza dubbio.*

Sing.	I ſhall do.	*Io farò.*
	Thou ſhalt do.	*Tu farai.*
	He ſhall do.	*Egli farà.*
Plur.	We ſhall do.	*Noi faremo.*
	Ye ſhall do.	*Voi farete.*
	They ſhall do.	*Eglino faran.*

IMPERATIVO.

Sing.	Do thou.	*Fa*, o *fa tu.*
	Let him do.	*Faccia*, o *faccia egli.*
Plur.	Let us do.	*Facciamo*, o *facciamo noi.*
	Do ye.	*Fate*, o *fate voi.*
	Let them do.	*Facciano*, o *facciano eglin*

CONGIUNTIV

Sing.	I do.	*Io faccia.*
	Thou do.	*Tu faccia.*
	He do.	*Egli faccia.*
Plur.	We do.	*Noi facciamo.*
	Ye do.	*Voi facciate.*
	They do.	*Eglino facciano.*

Gli altri tempi di queſto modo [illegible] dell' Indicativo.

INFINITO.

Preſente.	To do.	*Fare.*
Preterito.	To have done.	*Aver fatto.*
Participio preſente.	Doing.	*Facendo.*
Participio preterito.	Done.	*Fatto.*

Do è qualche volta uſato auſiliariamente, come *I* DO *love, io amo. I* DID *love, io amai*; ma quando queſto ſi uſa ſenza biſogno d'energía ſi fa anzi male che bene.

Do talora ſi uſa per enfaſi, è quando c'è biſogno d'energia, come in queſto eſempio tratto da Shakeſpeare.

I DO *love thee, and when I love thee not*
Chaos is come again.

Do è ſovente congiunto con particella negativa, come *I like her, but I* DO *not love her*; *I wiſhed him ſucceſs, but* DID *not help him.*

L'imperativo che proibiſce, è di rado, e ſpecialmente in proſa, rivolto alle ſeconde perſone ſenza l'auſiliario *do*; come *ſtop him, but* DO *not hurt him*; *praiſe beauty, but* DO *not dote upon it.*

Di queſto verbo ſi fa moltiſſimo uſo nelle

fraſi

fraſi interrogatorie, nelle quali ſi congiunge con tutte e tre le perſone tanto del ſingolare quanto del plurale, come DO *I live?* DOST *thou ſtrike me?* DOES *he complain?* DO *we go?* DO *they rebel?* DIDST *thou love her?* DID *ſhe die?* DO *they come?* E così nelle interrogazioni negative, come DO *not I grieve?* DID *not ſhe die?* DO *not we act our part?* DID *not you read it in Taſſo?*

Ne' tempi compoſti *do* non è uſato interrogativamente.

Un altro modo hanno gl' Ingleſi di conjugare *verbi neutri*, facendoli diventare *neutri paſſivi*, variandoli coll' ajuto del verbo ſoſtantivo *to be*, onde talora corriſpondono quaſi co' noſtri *verbi reciprochi*, e *nutri paſſivi*; come, *I am riſen*, *io mi ſono levato*, che in Latino uſando il *neutro paſſivo*, ſi direbbe ſemplicemente *ſurrexi*; *I was walked out*, *io me n' era uſcito*, in Latino *exieram*.

In queſta medeſima maniera comunemente eſprimono il tempo preſente, come *I am going*, *io me ne vado*, in Latino *eo*; *thou art grieving*, *tu ſei dolente*, in Latino *doles*; *ſhe is dying*, *ella ſta morendo*, in Latino *illa moritur*; *the tempeſt is raging*, *la tempeſta ſi è ſcatenata*, in Latino *furit procella*; *I am purſuing an enemy*, *ſto perſeguitando un nimico*, in Latino *hoſtem inſequor*; e così in altri tempi, *I have been walking*, *ſono ſtato a paſſeggiare*; *I had been walking*, *ero ſtato a paſſeggiare*; *I ſhall be walking*, *paſſeggerò*; *I will be walking*, *voglio paſſeggiare*.

E quì, giacchè queſto *ſhall* e queſto *will* mi ſono tornati alle mani, conchiuderò le mie oſſervazioni ſulle conjugazioni de' verbi Ingleſi, con informare il mio ſtudioſo Paeſano, che il determinare la differenza che paſſa tra queſti due ſegni del futuro, o tra *ſhould* e *would*, e il fiſſare appuntino il loro proprio uſo, è difficiliſſima ſe non del tutto impoſſibil coſa. Io almeno, in otto anni di ſtudio oſtinatiſſimo di queſta lingua, non ho mai potuto trovare una regola infallibile, e sì che l' ho cercata in tutte le grammatiche; e richieſtala a quanti letterati mi ſono venuti innanzi. In ſomma queſto è uno degl' intoppi che fanno frequentemente capitombolare i foreſtieri, che ſono per la maggior parte tanto ſconciati da queſti *ſhall* e *will* e *ſhould* e *would*, quanto gl' Ingleſi lo ſono co' noſtri *aveva* e *avrei* e *ebbi* e *ho avuto*, e con *era*, *fui*, e *ſono ſtato*, da eſſi molto di rado adoperati bene, anche quando hanno ſtudiato otto anni la noſtra lingua e interrogati intorno il diritto uſo di tali tempi tutti i noſtri cruſcanti. Il meglio dunque che un Italiano poſſa fare per errare il meno che ſia poſſibile con que' benedetti ſegni, è leggere e rileggere i loro meglio ſcrittori, e formaſi l' orecchio buono; o per parlare meno da muſico e più da filoſofo, procurare di acquiſtare un ſentimento interno che loro dica toſto quando debbono far uſo di *will* e di *would*, e quando di *ſhall* e di *ſhould*: e per ottenere queſto fine, avvertano di non leggere troppi di que' tanti libri che gli ſcrittori Scozzeſi tutto dì ſcarabocchiano e ſtampano, perchè degli Scozzeli appena ve n' ha uno in cento, con riverenza parlando, che ſappia ben diſtinguere frà queſta ſegni.

De' VERBI IRREGOLARI.

Quantunque le irregolarità de' verbi Ingleſi non ſieno che due, cioè nel tempo preterito e nel ſuo participio, pure baſtano per imbrogliare moltiſſimo i foreſtieri, non eſſendo poſſibile por loro altro lume in mano per condurli in queſta oſcura via, che l' uſo.

I preteriti regolari di *to love*, *to place*, *to fiſh*, *to wake*, *to ſmell*, e di moltiſſimi altri dovrebbero eſſere *loved*, *placed*, *fiſhed*, *waked*, *ſmelled*; pure gl' Ingleſi in poeſia li fanno deviare un tantino dalla loro naturale regolarità, cangiandoli in *low'd*, *plac'd*, *fiſh'd*, *wak'd*, *ſmell'd*, e in proſa per fretta di pronunzia trasformano i quattro ultimi in *plac't*, *fiſh't*, *wak't*, *ſmelt*.

To creep, *to feel*, *to dwell*, e altri ſono nel preterito *crept*, *felt*, *dwelt*, e non mai *creeped*, *feeled*, *dwelled*.

To keep, *to ſleep*, *to weep*, preterito *kept*, *ſlept*, *wept*.

To read al preterito fa *read*; *to ſpread* fa *ſpread*; *to ſhed* fa *ſhed*; *to bid* fa *bid*; *to hide* fa *hid*; *to caſt* fa *caſt*; *to ſmite* fa *ſmit*; *to write* fa *writ* o *wrote*; *to bite* fa *bit*; *to meet* fa *met*; *to ſhoot* fa *ſhot*; *to lend*, *to ſend*, *to rend*, *to gird*, fanno *lent*, *ſent*, *rent*, *girt*.

Altri preteriti ſi allontanano ancora di più dall' infinito che non fanno queſti che pur ora ho ſcritti. *Won*, verbigrazia, è preterito di *to win*, *ſpun* di *to ſpin*, *begun* di *to begin*, *ſwam* di *to ſwim*, *ſtruck* di *to ſtrike*, *ſtuck* di *to ſtick*. *Sung*, *ſtung*, *flung*, *rung*, *wrung*, *ſwung*,

ſwung, ſprung, ſono participi di *to ſing, to ſting, to fling, to ring, to wring, to ſwing, to ſpring*. *Found, bound, ground, wound*, participi di *to find, to bind, to grind, to wind*; *drunk ſunk, ſhrunk*, di *to drink, to ſink, to ſhrink*. Che dirò di tanti che hanno due preteriti tutt' a due irregolari, come *to run*, che (in vece di far *runned)* fa *run*, e poi anche *ran? to begin* (in vece di *beginned)* fa *began*, e poi anche *begun?* E *to ſpring* e *to drink*, che fanno *ſprung* e *ſprang*, e *drunk*, e *drank? to fight, to teach, to reach, to ſeek, to beſeech, to catch, to buy, to bring, to think, to work*, fanno *fought, taught, raught, ſought, beſought, caught, bought, brought, thought, wrought*; e, per accreſcere perpleſſità, alcuni di queſti ſteſſi verbi vogliono oltre al preterito irregolare averne anche uno regolare, come *to teach*, che fa anche *teached*; *to reach, reached*; *to beſeech, beſeeched*; *to catch, catched*; *to work, worked*.

Molte delle noſtre donne mi ſcambierebbono per mago ſe io andaſſi dir loro che *to take, to ſhake, to forſake, to wake, to awake, to ſtand, to break, to bear, to ſhear*, fanno al preterito *took, forſook, woke, awoke, ſtood, broke, bore, ſhore*. Che *to ſwear*, e *to tear*, fanno *ſwore*, e *tore*; che *to drive, to ſhine*, e *to thrive*, fanno *drove, ſhone, throve*; che *to tread, to get, to beget, to forget*, fanno *trod, got, begot, forgot*; che *to ſmite*, fa *ſmit* *ſmote*; che *to give, to bid, to ſit*, fanno *gave, bade, ſate*; che *to draw, to know, to grow, to throw, to blow, to crow* (come il gallo) fanno il preterito *drew, knew, grew, threw, blew, crew*; e che *to fly, to ſlay, to ſee, to lie*, fanno *flew, ſlew, ſaw, lay*; e che da *to flee*, è fatto *fled*; e da *to go*, (ſenti queſto!) ſi fa *went*.

Signor Leggitore, torno a dire, ſe tu vuoi imparare l' Ingleſe, ſtudia, e poi ſtudia, e poi torna a ſtudiare: così imparerai, come hanno fatto tanti e tanti, tutte queſte variazioni stravaganti di preteriti; e che sì, che, ſe hai ingegno, le trovi da per te in pochi meſi? Provati da bravo, e vedrai che io ſono profeta egualmente che grammatico.

E lo ſteſſo dirò de' participi tanto attivi che paſſivi, i quali ſono tanti, che io laſcio ſtare di regiſtrarne quì un centinajo di que' più bizzarramente variati; tanto più che ſo per prova come ci vuol altro che un po' d' una grammatica per imparare a conoſcere le loro differentiſſime fiſonomie.

Delle DERIVAZIONI.

Ho dovuto tanto allargarm
zioni ſpecialmente, che mi con
in poche parole, ſe ſi può. le
gleſi.

Da' verbi *to love, to fight, to ſtri*
la più parte de' v rbi der ano molt
come *lover, figh ſtri* cioè
combattitore, e *per*

Da *to protect, to*
tector, actor, cioè *protettore, a*

Soſtantivi, addjettivi, e tal
del diſcorſo, cangianſi in ver
houſe, formaſi *to houſe*; da *bi*
braze; da *breath* formaſi *to b*
formaſi *to fiſh*; da *oil* formaſi
ther formaſi *to further*; da *fo*
to forward.

Da' ſoſtantivi formanſi addjet
danza, aggiungendo loro una ter
y, come da *louſe, louſy*; da *wea*
da *health, healthy*; da *wood, woo*
; da *hand, handy*; da *w*
terminazione *ful*, agginn
re addjettivi d'abbon
ful; *ſorrow, ſorrowful*; *fr*
uthful; *care, careful*;
ful; *plenty, pl*
helpful.

La azione *ſome* aggiunge anch' eſſa qualche p. nezza agli addjettivi, ſebbene non tanta quanta quella in *ful*; come *gameſome, irkſome, burdenſome, troubleſome, lightſome, handſome, loneſome, delightſome*.

Al contrario la terminazione *leſs* aggiunta a' ſoſtantivi, forma addjettivi ſignificanti biſogna o mancanza di coſa, come *worthleſs, witleſs, heartleſs, houſeleſs, joyleſs, careleſs, helpleſs, comfortleſs, ſapleſs, hapleſs*.

Degli addjettivi terminati in *ous*, o in *able*, non dirò nulla, perchè ſomigliano tanto a i noſtri in *oſo* e in *abile*, che non è difficile per noi il diſtinguerli ſubito; e lo ſteſſo dico di altri d' altre terminazioni nate dalle noſtre, come *civil, genteel, elegant, improper, polite*, eccetera.

Così non farò neppur parola di molt' altre

derivazioni, che, se non vennero in Inghilterra di Toscana, almeno vennero dal Lazio, perchè suppongo non affatto ignorante di belle lettere, e di Latino spezialmente, chiunque leggerà questa mia grammatica.

Gl' Inglesi hanno alcuni addjettivi che terminano in *ish*, come *sweetish*, *greenish*, *whitish*, *thievish*, *coolish*, *childish*, *softish*. Questi si possono chiamare diminutivi.

Quegli addjettivi che terminano in *like*, significano somiglianza, come *giantlike*, *godlike*.

Da addjettivi concreti si formano sostantivi collo aggiungere loro *ness*, come *whiteness*, *greatness*, *skilfulness*, *hardness*.

Alcuni sostantivi formati da' addjettivi coll' aggiunta di *hood* o *head*, indicano carattere o qualità, come *manhood*, *widowhood*, *knighthood*, *priesthood*, *likelihood*, *falsehood*, *godhead*, *maidenhead*.

Que' sostantivi che terminano in *ship*, denotano officio, impiego, o condizione, come *kingship wardship*, *guardianship*, *partnership*, *stewardship*, *lordship*.

Que' che terminano in *dom*, *rick*, e *wick*, denotano dominio, o almeno stato o condizione, come *kingdom*, *dukedom*, *earldom*, *princedom*, *popedom*, *christendom*, *freedom*, *wisdom*, *whoredom*, *bishoprick*, *bailiwick*.

Delle parole composte di due vocaboli, come *blue-eyed*, *hard-heartedness*, *nimble-footed*, e simili, non dirò altro se non che chi saprà il significato d' essi separatamente troverà la loro significazione senza il mio ajuto.

Della SINTASSI.

La lingua Inglese ha così poca inflessione o così scarse varietà di terminazioni, che nè ricerca nè ammette molte regole di costruzione.

Il verbo come in altre lingue, s' accorda col nominativo in numero e in persona, come *thou flieſt from good*, *he runs to death*.

Gl' Inglesi non fanno come noi, che, dato l' articolo a un nome, lo diamo eziandio a tutti gli altri della medesima clausula. Noi diciamo verbigrazia IL *marito*, LA *moglie*, *e* I *figli si rallegrarono molto*. Ma gl' Inglesi dicono THE *husband*, *wife*, *and children rejoiced much*.

Gli addjettivi sono sempre i medesimi, e non variano come i nostri. Noi diciamo verbigrazia *buono*, *buona*, *buoni*, e *buone*, secondo che il sostantivo è mascolino o femminino, singolare o plurale. Gl' Inglesi con un *good* escono d' intrigo in tutti i quattro casi.

Gl' Inglesi che si piccano d eleganza, non danno mai a un sostantivo due o tre addjettivi per epiteti, come sovente faciamo noi, e in poesia specialmente. I loro poeti però talvolta peccano contro questa regola, e Milton più di tutti, perchè innamorato della poesia nostra, introdusse molti italianismi nel suo celebre poema. Questo bel principio d'un sonetto del Casa,

O sonno, o della queta, umida, ombrosa
Notte placido figlio,

farebbe trista figura in Inglese se fosse tradotto verbalmente, a cagione di que' tre addjettivi *queta*, *umida*, *ombrosa*, tanto sono le lingue differenti l' une dall' altre nella loro indole; e a queste naturali differenze bisognerebbe che i critici badassero bene prima di biasimare le opere d' altre nazioni, e le poesie specialmente.

L' avverbio è per lo più collocato tra l' ausiliario e 'l verbo, o tra 'l pronome e il verbo quando l' idea non è determinata o assoluta, come *they went down the hill*; *we have thus humbled their pride*; *she prettily said*; *ye are quickly to go*; *he quickly went*. Quando però l' idea non è sospesa o dubbiosa, ma assoluta o determinata, per lo più l' avverbio siegue il verbo; come *I love her heartily*; *thou lieſt surely*; *we are tired fast*; *we have done well*; *we must go quickly*. Questa regola però è soggetta a molte eccezioni, e in poesia non ha quasi luogo.

Di due sostantivi il nome possessivo è genitivo, come *his father's glory*, *the sun's heat*.

Verbi transitivi, come in Italiano, richieggono il caso obliquo; *he loves me*; *you fear him*.

Tutte le prepositioni, come in Italiano, vogliono un caso obliquo; come *he gave this to me*; *he took this from me*; *he says this of me*; *he came with me*.

Della PROSODIA.

La prosodia comprende le regole del pronunziare e le leggi del versseggiare.

Del pronunziare le regole sono tante e sì varie,

varie, che lo ſtudio loro ingojerebbe più tempo che non l' imparare tutti i vocaboli della lingua: e ſiccome nel mio dizionario io mi ſono preſo gratis l' immenſo incomodo di accentare ogni parola ſuſcettibile d' accento, cioè tutte le poliſillabbe; perciò mi riſparmierò quì una fatica che ſo riuſcirebbe troppo penoſa e poco meno che inutile, perchè troppo piena di garbugli; e farò ſolamente alcune parole del Britannico modo di verſificare.

Il verſo principale degl' Ingleſi è quello di dieci ſillabe. Queſto verſo, per eſſere perfetto nella ſua intrinſeca armonia, deve avere cinque accenti, cioè un accento ſopra ogni ſeconda ſillaba. Quanti meno di tali accenti avrà, tanto più imperfetto ſarà il verſo; tuttavia il ſuo primo accento, cioè quello che cade ſulla ſeconda ſua ſillaba, quaſi non gli reca vantaggio alcuno; e allora ſolamente il verſo zoppica e ſuona male, quando il quarto, il ſeſto o l' ottavo accento manca, vale a dire quando qualche accento, in vece di cadere ſur' una ſillaba pari, cade ſur una caffa. Eccovi un ſaggio di buoni verſi Ingleſi tratto da una ſatira intitolata LONDRA del ſignor Samuello Johnſon.

All that at home no more can beg or ſteal,
Or like a gibbet better than a wheel;
Hiſs'd from the ſtage or hooted from the court,
Their air, their dreſs, their politicks import;
Obſequious, artful, voluble, and gay,
On Britain's fond credulity they prey.
No gainful trade their induſtry can 'ſcape,
They ſing, they dance, clean ſhoes, or cure a clap:
All ſciences a faſting Monſieur knows,
And bid him go to hell, to hell he goes.

Tanto in rima quanto fuor di rima gl' Ingleſi non ſi fanno ſcrupolo di finire i loro decaſillabi con un vocabolo ſdrucciolo, coſa che pare un poco ſtrana a un Italiano uſo a conſiderare le due ultime ſillabe d' un vocabolo ſdrucciolo come equivalenti a una ſola ſillaba lunga. Nella ſopradetto ſatira trovo queſti due verſi, il ſecondo de' quali termina ſdrucciolevolmente.

Forgive my tranſports on a theme like this;
I cannot bear a French Metropolis.

E così termina pure il ſecondo de' due ſeguenti tratti dalla ſatira ſteſſa.

Studious to pleaſe,
The ſupple Gaul w

Let this auſpicious day be ever ſacred,
No mourning, no misfortunes happen on it;
Let it be mark'd for triumphs and rejoicings;
Let happy lovers ever make it holy,
Chuſe it to bleſs their hopes and crown their wiſhes,
This happy day that gives me my Caliſta.

Queſti endecaſillabi hanno lo ſteſſo ſuono che i noſtri quando ſono de' più perfetti; biſogna però oſſervare che un delicato orecchio Italiano non ſoffrirebbe volentieri quel regolatiſſimo cadere d' ogni accento ſur ogni ſeconda ſillaba di ſei verſi conſecutivi, e un delicato orecchio Ingleſe non potrebbe patire il

DIZIONARIO

ITALIANO ed INGLESE.

PARTE PRIMA,

NELLA QUALE

L'ITALIANO precede L'INGLESE.

THE

ITALIAN and *ENGLISH*

DICTIONARY.

PART the FIRST,

CONTAINING

The Italian before the Engliſh.

A.

A, *The firſt letter of the Italian alphabet. The Tuſcan ſound is generally like* A *in Engliſh, when followed by two conſonants in the ſame ſyllable, as in the words,* tall, wall, fall. *Sometimes it is uttered with ſome vehemence when it ſtands as a ſign to the dative caſe, and is followed by a conſonant;*

A *is ſometimes an article, which marks the dative caſe, either ſingular or plural,* ex. a me, *to me,* a voi, *to you.*

A *ſometimes is a prepoſition which ſignifies,* to, in, by, and, with, under, at.

Andáre a Parigi, *to go to Paris.*

Dimoráre a Londra, *to live in London.*

A forza di braccia, *by ſtrength of arms.*

Due a due, *two and two.*

Nutrire a latte, *to nouriſh with milk.*

A mia ſignoria, *under my command.*

A ragióne di ſei per cento, *at the rate of ſix per cent.*

A *ſometimes ſignifies,* why, towards, to, in the, on, upon, as, in, at, between.

A che piangi? *why do you cry?*

A tramontána, *towards the north.*

Doléntе a morte, *grieved to death.*

Uno a uno, *one after another.*

A nome del Re, *in the name of the King.*

Andáre a cavállo, *to go on horſeback.*

A crédito, *upon truſt.*

Ricévere a grande onóre, *to take it as a great honour.*

V'aſpetterò a caſa, I *ſhall ſtay for you at home.*

Voi non fate differénza da me a lui, *you make no difference between me and him.*

A' *with an apoſtrophe, is uſed inſtead of the article and prepoſition preceding the dative caſe.*

Gittáre a' cani, *to fling to the dogs.*

Donáre a' pazzi, *to give to fools.*

A, *joinéd to an infinitive mood, is Engliſhed by the particle* to.

Andáte a dormire, *go to ſleep.*

A, *ſometimes is joined with the prepoſition* preſſo, *near, almoſt.*

Di preſſo a ſeſſant' anni, *almoſt ſixty years old.*

ABADE'SSA, *v.* Abbadeſſa.

ABA'TE, *an abbot.*

ABATO'NE, [accreſcitivo d'abate] *a fat, a big bellied abbot, a rich abbot.*

ABATU'CCIO, *dim. of* abate.

ABAZI'A, [badia, abbadia] *an abbey.*

ABBACA'RE, *to puzzle one's ſelf, to be out.*

ABBACCHIA'RE, *to beat down with a long pole, or rod.*

ABBACCHIE'RE, }
ABBACHI'STA, } [colui che ſa o eſércita l'arte dell' abbaco] *an arithmetician, an accountant, a computer.*

ABBACINAME'NTO, *s. m. the dazzling, the making blind.*

ABBACINA'RE, *to dazzle, to dim, to cloud, to make blind, to deprive of ſight.*

ABBACINA'TO, *adj. dazzled, blinded.*

Aria abbacináta, *a thick, or foggy air.*

Colóre abbacináto, *a dim colour.*

A'BBACO, *s. m. arithmetic, the art of numbering or caſting of accounts.*

ABBADA'RE, [badare] *to mind, to take care.*

Abbada a te, *take care of thyſelf.*

ABBADE'SSA, [che meglio ſi dice badéſſa] *an abbeſs.*

ABBADI'A, *s. f.* [badia] *an abbey.*

ABBAGLIAM'ENTO, *s. m. dazzling.*

Abbagliaménto, *dimneſs of ſight.*

Abbagliaménto, *raſhneſs, unadviſedneſs, want of diſcretion.*

ABBAGLIA'RE, *to dazzle, to hurt the ſight with too much light.*

Abbagliáre gli occhi dell' intelléto, *to cloud, or darken the underſtanding.*

Abbagliáre, *to caſt a miſt before one's eyes, to ſeduce, to beguile.*

Abbagliáre, *to be dazzled, or blind.*

ABBAGLIA'TO, *adj. dazzled.*

ABBAGLIA'NZA, *v.* Abbagliáre, e Abbagliaménto.

ABBA'GLIO, }
ABBAGLIO'NE, *s. m.* } *dazzling.*

ABBAJAME'NTO, *s. m. the barking of a dog.*

ABBAJA'NTE, *adj. barking, baying.*

ABBAJA'RE, [il mandar fuori che fa il cane la ſua voce] *to bark as a dog.*

Abbajáre, *to diſcover, to diſcloſe, or make known.*

Abbajáre, *to talk raſhly.*

Abbajáre, *to brag, or boaſt, to carry it high.*

Abbajáre alla luna, *to bark where one cannot bite.*

ABBAJA'TO, *adj. barked, bayed.*

ABBAJATO'RE, *a barker.*

Abbajatóre, *a ſlanderer, a back-biter, or detractor.*

ABBALLA'RE [legar in balle] *to pack up.*

ABBALLATO'RE, *a packer.*

ABBANDONAME'NTO, *s. m. abandoning, forſaking, or leaving.*

ABBANDONA'RE, *to forſake, to quit, to leave, to give over, to caſt off, to abandon.*

Abbandonárſi [laſciárſi andar ſenza ritégno] *to give one's ſelf over, to give one's ſelf up.*

Abbandonárſi a tutte ſorte di vizi, *to addict one's ſelf to all manner of vices, to indulge one's ſelf in all manner of vices.*

Abbandonárſi, *to deſpond, to be diſcouraged, to loſe courage.*

ABBANDONATAME'NTE, *adv. vehemently, greatly, violently, extremely.*

ABBANDONA'TO, *adj. forſaken, given over.*

ABBANDONATO'RE, *a forſaker, he that forſakes, a deſerter.*

ABBANDONEVOLME'NTE, *adv. deſperately, vehemently, extremely, violently.*

ABBANDO'NO, *s. m. leaving, or forſaking.*

Metter tutto in abbandóno, *to leave all things to be pillaged.*

ABBARBAGLIA'RE, *to dazzle.*

ABBARBA'GLIO, *s. m. dazzling, thing that dazzles, the act of being dazzled.*

ABBARBICA'RSI, *to take root.*

Male abbarbicáto, *an inveterate, old diſeaſe.*

ABBARRA'RE [mettera ſbarra per impedíre il paſſo] *to bar, to put a bar croſs the paſſage.*

ABBARUFFAME'NTO, *s. m. ſcuffle, quarrel, diſpute.*

ABBARUFFA'RE, *to ſcuffle, to quarrel.*

ABBASSAGIO'NE, *s. f.* }
ABBASSAME'NTO, *s. m.* } *fall, diminution, abaſement.*

ABBASSA'RE, [chináre] *to pull, to bring down, to lower.*

Abbaſsár gli occhi, *to caſt down the eyes.*

Abbáſſar l' orgóglio, *to bring down pride.*

Abbaſsáre, *to decline, decay, or abate.*

Il vento s'abbáſſa, *the wind abates.*

Abbáſſa il giorno, *it begins to grow late, it draws towards night.*

Abbaſsáre la lancia, *to couch or reſt the lance.*

ABBASSAT'ORE, *he that lowers; generally ſaid of the price of things.*

ABBA'SSO, *adv. below.*

E' abbaſſo? *Is he below?*

ABBA'SSO, *s. m. fall or lowering of the price.*

ABBATACCHI'ARE, *to beat down with a long pole, or rod.*

ABBA'TE, *an abbot.*

ABBA'TTERE, *to pull down, to overthrow, to batter down.*

Abbáttere, *to bate, to abate.*

Abbáttere dal prezzo, *to bate ſomething of the price.*

Abbátter la vela, *to ſtrike the ſail.*

Abbátter le tende, *to break up the camp.*

Abbáttere, *to bring down, to humble.*

ABBA'TTERSI [trovárſi a caſo, incontrarſi] *to hit, to meet, to meet with.*

Accádde d'abbáttermi in lui, *I chanced to hit upon him.*

Eſſendo già veſpro s'abbatté ad uno ſentieruolo, *being already dark he came by chance into a ſmall foot-path.*

ABBATTIME'NTO, *s. m. a fight, a conflict, repreſentation of a conflict, juſt, tournament.*

Abbattiméto, *weakneſs, faintneſs, depreſſion of forces.*

ABBATTITO'RE, *one that pulls or cuts down.*
